POLICY DISCLAIMER

At CSU, we are committed to ensuring that our students are kept informed of the latest principles, theories, and applications pertaining to their studies. However, CSU reserves the right to make changes, as deemed appropriate and without prior notification, in our course offerings, curricula, academic policies, and other rules and regulations affecting students.

A Message from the President

Dear Students,

The CSU family of administrators, faculty, and support staff are excited you have chosen Columbia Southern University (CSU) to complete your educational goals. You join a diverse group of students located around the world, ready for a life-changing learning experience.

Our service-centered environment and student-centered staff enables each learner to achieve their educational goals and objectives through an online and/or hybrid learning platform, driven by engaging faculty, quality courses, technical support, and affordable tuition.

CSU was founded on strong values of providing a family culture and work environment of caring and respect that provides a foundation for CSU faculty, staff, and administration to provide and create an exceptional student experience. You can expect caring staff that will support you during special circumstances and faculty that will challenge you, equating to a great learning experience. Understanding the culture and purpose of CSU is a primary step in developing a commitment to your academic endeavors and yourself.

Through the offering of quality programs and building longer term relationships with students and the industries we serve, CSU maintains a competitive and quality national and international reputation as an institution of higher learning. As a student, you have a team that is committed to your success.

The CSU Vietnam Student Handbook has been assembled to provide departmental information, policies, and procedures that will be important to your success as a CSU student.

Utilizing this handbook as an active resource will enhance your knowledge of institutional expectations, define policies, and expound on procedures needed to complete course and program assignments.

If you need further assistance, please feel free to contact the CITC Student Services staff. Thank you for choosing Columbia Southern University!

Robert Mayes, President

I. Introduction

The Student's Ultimate Resource

The CSU Vietnam Student Handbook serves as the student's personal guidebook, assisting in answering questions related to policies and procedures that are both academic and administrative in nature, support services available for student success, academic guidance and the responsibilities, expectations, and rights of students. Columbia Southern University (CSU) recognizes the delicate balance of work, family, and other commitments while pursuing higher education. This resource was created to assist you while on your journey to degree completion.

The CSU University Catalog, CSU Vietnam website, and CSU Website are resources for online degree program listings and other information that may not be contained in the CSU Vietnam Student Handbook.

Scope of the CSU Vietnam Student Handbook

The policies and procedures contained in the CSU Vietnam Student Handbook are applicable to all members of the CSU Vietnam community, including students, staff, faculty, and administration. The handbook is the official document regarding policies, procedures, and resources of CSU's Vietnam program.

The University conducts on-going benchmarking with similar institutions to provide the most relevant, useful information for the handbook. The handbook is regularly updated to incorporate changes to University policies and/or procedures.

The University reserves the right to revise or update any provision of the handbook with or without notice. The current edition of the CSU Vietnam Student Handbook supersedes all previous editions.

II. About CSU

Mission Statement

Columbia Southern University provides diverse learning experiences and affordable, flexible distance education programs at the certificate, undergraduate, and graduate levels to a global student body, delivered by qualified, student-centered faculty committed to teaching and student learning. The University is dedicated to providing exceptional academic and student support services.

Core Values

As we change lives for the better, we live by these values:

Organizational Health

We foster a family culture that provides a stable and enjoyable work environment of caring and respect with open and clear communication.

Humility

We model a leadership style that is modest, humble, operationally oriented and hands on. No job is beneath us and we work as a close team to accomplish our mission.

Exceptional Service

We focus on providing exceptional service through student-centered support services that are personal, responsive, and geared toward assisting students in achieving their educational goals.

Flexibility

We embrace change, work hard, and relentlessly strive to continuously improve.

Excellence

We are professional, first class, and place a high value on quality, accreditation, and doing what is right.

Relationships

We focus on building long-term relationships with industries, governmental agencies, students, alumni, and members of the community.

Vision

The Vision of Columbia Southern University is to change and improve lives through higher education by enabling students to maximize their professional and personal potential.

Board of Trustees

Columbia Southern University is governed by an eight to fifteen member Board of Trustees, which establishes the mission of the University and determine the general policies and affairs of the University. The Articles of Incorporation and the By-laws of Columbia Southern University clearly define the powers, duties, and responsibilities of the Board of Trustees.

For additional information on the Board of Trustees, please visit <http://www.columbiasouthern.edu/about-csu/board-of-trustees>.

Accreditation

Columbia Southern University is an accredited member of the Distance Education Accrediting Commission (DEAC). DEAC is recognized by the U.S. Department of Education (ED) as a nationally recognized accrediting agency, and is a recognized member of the Council for Higher Education Accreditation (CHEA). CHEA is a nonprofit organization serving as a national advocate for self-regulation of academic quality through accreditation.

Gainful Employment Disclosure

CSU self-discloses information pursuant to Gainful Employment Regulations as required by the U.S. Department of Education. CSU is forthright in publishing gainful employment information so students have the information necessary to make informed, rational educational decisions. For information concerning median loan debt, cost of attendance, occupational information, or retention and graduation rates, please visit www.columbiasouthern.edu/Consumer-Information.

State Authorization and Licensure

Columbia Southern University (CSU) is licensed by the State of Alabama, Community College System - Private School Licensing Division pursuant to the Alabama Private School License Law, Code of Alabama, Title 16-46-1 through 10. For additional information on state licensure, please visit <http://www.columbiasouthern.edu/about-csu/accreditation-licensure/state-authorization>.

Higher Education Related Membership

CSU is an institutional member of the American Council on Education (ACE), a major higher education coordinating body that influences public policy through advocacy, research, and program initiatives. ACE membership is open to accredited degree-granting colleges and universities, and higher education associations within the United States.

CSU Service Pledge

At CSU, students will find our staff ready to assist them. We pride ourselves on providing a high level of personalized service and for going “the extra mile.” We will work hard to solve any problems or issues that arise. If a student ever feels he/she did not receive this level of service, please let us know. In return, students are expected to be courteous and professional in their communications with CSU staff & faculty. Abusive language and rude behavior will be considered ethical misconduct.

Administration & Academic Officers

Columbia Southern University employs qualified administrative and academic officers who effectively lead the institution through expertise, experience, and competence. These foundational leaders of the CSU community are actively engaged in accomplishing the mission of the University through a combination of credentials and expertise associated with their positions.

For additional information on Administration and Academic Officers, please visit www.columbiasouthern.edu/About-CSU/Administration.

Communication Guidelines

Columbia Southern University (CSU) understands the importance of establishing timely and effective communication to all university constituents. Communication between the University and its students directly impact the overall student experience. To promote a positive student experience through communication, CSU has created several mediums to disseminate student and/or university information, as well as connect with students daily. These mediums include, myCSU Student Portal; Learning Management System; CSU Website; CSU Vietnam Website, CSU Vietnam Student Handbook; CSU Catalog; CSU Communicator; social media; postal mail; email; online chat.

Students are expected to maintain updated contact information on file with the University. Requests to update contact information may be submitted under My Account in the myCSU Student Portal.

Note: Any name change will require submission of official supporting documentation; such as a marriage certificate, divorce decree, driver's license, Social Security card, passport, or court documented name change. Documentation can be emailed to registrar@columbiasouthern.edu.

Student communication, whether verbal or electronic, should be conducted in a professional and courteous manner, and is subject to all applicable university policies, including Student Rights and Responsibilities and Student Code of Conduct policies. The following information is provided regarding the mediums utilized at CSU:

myCSU Student Portal

The myCSU Student Portal is provided as a resource for students throughout their time at CSU. The portal is one of the most important mediums to communicate academic information, as well as any university announcements that may impact students. Students have direct access to information related to their courses, account, and other resources that will promote success along their educational journey at CSU.

Learning Management System (LMS)

CSU utilizes Blackboard as the LMS for the delivery of all program courses. Within Blackboard, academic announcements that may impact the course, or future courses, are posted for students. Students may also choose to subscribe to email notifications concerning functionality of University systems through the homepage of Blackboard.

CSU Website

The CSU website offers information related to support services, programs, course descriptions, and payment options. New services, events, resources, and student success stories are also communicated through the website.

CSU Vietnam Website

The CSU Vietnam Website offers information specific to students enrolled in the Vietnam program such as programs, tuition and financing, and other resources.

CSU Vietnam Student Handbook/CSU Catalog

The CSU Vietnam Student Handbook and CSU Catalog are two important documents that should be utilized by

students on a daily basis. Both of these documents are highly referenced throughout correspondence with CSU staff and faculty, as they are a guide when needing information related to the student experience. The CSU Vietnam Student Handbook outlines policies, guidelines, resources, and contact information; whereas the CSU Catalog outlines program requirements, course descriptions, and much more. The CSU Vietnam Student Handbook and CSU Catalog may be found on the CSU Vietnam website or myCSU Student Portal.

CSU Communicator

The CSU Communicator was established as an avenue for the University to connect with students and alumni through various articles and updates related to University services, programs, student spotlights, and policies. It is the central method used to communicate important University news with students, and should be referenced often. The CSU Communicator is emailed once a month, featuring an article from the CSU President, University news, and other great articles that encourage and motivate students to continue striving for success. Students may subscribe to the blog by accessing the CSU Communicator through the myCSU Student Portal.

Social Media Communication

CSU may utilize various social media platforms to communicate new services, closure announcements, or general announcements to students. Platforms include, Facebook, Twitter, Google+, LinkedIn, Instagram, YouTube, Pinterest and CSU Communicator. Students may also collaborate with one another through the closed CSU-group page on Facebook.

Postal Mail Communication

While most communication at CSU occurs electronically, there are few instances in which CSU may send postcards or letters to students via postal mail. This form of communication may be utilized for students who do not have current phone or email contact information on file.

Face-to-Face Communication

The primary mode of communication for students enrolled in the CSU Vietnam program is face-to-face communication. Students should communicate with CITC Student Services staff or the CSU Vietnam Program Manager with any questions or concerns that may arise.

Email Communication

CSU considers email as the official form of communication with students. The expectations of using email to communicate with CSU may be reviewed within the [Technology Policies](#).

Online Chat Communication

Students may contact CSU by use of the chat feature on the CSU website and myCSU Student Portal. Opting to receive a chat transcript of the instant message conversation via email is available at the time of submitting a chat request.

Students may also contact the CSU Online Library 24 hours per day / 7 days per week through live chat services by visiting <http://www.columbiasouthern.edu/Library>.

Student Communication Tips

- Be clear and concise when communicating inquiries, concerns, or requests.
- Communicate with professionalism and diplomacy.
- Close emails with your full name and some form of identification (student id number or last four of social).
- For identification purposes, be prepared to provide a secondary form of identification when contacting the University (e.g. student id number, last four of social, date of birth, address, etc.).
- Create a separate email folder to keep all CSU correspondence for reference or create another email account just for CSU correspondence.
- Read and review all email communications from CSU, to ensure important information is not missed.
- Speak clearly and slowly when leaving a voicemail, and include a brief reason for the call along with a phone number and time to return the voicemail.

V. Your Rights Under FERPA

Family Educational Rights & Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA) affords students certain rights with respect to their educational records. Columbia Southern University (CSU) acknowledges this law as university policy.

Under the provisions of this law, students are entitled to the following privileges:

- Inspection and review of the student's educational records.
- Request of amendments to the student's records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
- Consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.
- File a complaint with the U.S. Department of Education concerning alleged failures by CSU to comply with FERPA requirements in the instance that a complaint cannot be resolved within the University.

Requests by students to inspect, review, or amend must be submitted in writing and identify the following:

- Record the student wishes to inspect
- Signature and date

For requests to amend, students must clearly identify the portion of the educational record the student is requesting be changed, and specify why the record should be changed. If the requested change is not approved, the student will be notified of the University's decision, and the student's right to a hearing. FERPA regulations now allow the request to be submitted electronically.

Students are informed of those instances where FERPA authorizes disclosure without consent in the Catalog information (electronically and print).

However, FERPA allows schools to disclose student records, without consent, to the following parties:

- School officials with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit of evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school

- Accrediting organizations
- Appropriate officials in cases of health and safety emergencies
- State and local authorities

Release of student "directory" information is also permitted by FERPA. CSU identifies "directory" information as name, address, telephone number, email address, date and place of birth, honors and awards, dates of attendance, major field of study, enrollment status, previous institutions attended, photograph or other comparable information.

Personally identifiable information (or non-releasable information) includes all information not defined as directory information and may not be released without expressed written consent of the student.

The Consent to Release must:

- Identify and authenticate a particular person as the source of the consent (whether in writing or transmitted electronically); and
- Indicate that person's approval of the information contained in the electronic consent.

Students may control the release of directory information by completing the [CSU Request to Revoke Directory Information Release Form](#). Upon receipt of this form, a Privacy Hold will be placed on the student's record.

To Whose Record does the Act Apply?

FERPA applies to the education records of persons who are, or have been, in attendance at CSU, including students in continuing education programs sponsored by the University. FERPA does not apply to records of applicants who are denied admittance or, if accepted, do not attend CSU.

To What Records Does the Act Apply?

The act applies to all education records maintained by CSU, and all parties acting for CSU, which are directly related to a student. Records containing a student's name, identification number, or other personally identifiable information, in whatever medium, are covered by FERPA unless identified in one of the act's excluded categories.

Enforcement and Penalties

The CSU Office of the Registrar is responsible for university compliance with this policy. Responsibility for administering the act by the federal government has been assigned to the Family

Policy Compliance Office within the United States Department of Education. This office reviews and investigates complaints and attempts to bring compliance through voluntary means.

FERPA Compliance

Students who need assistance or who wish to file a complaint under FERPA should do so in writing to the Family Policy Compliance Office, sending pertinent information through mail, concerning any allegations to the following address:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

VI. Learning Options

An application for admission is required for all students; in addition, all applicable admission requirements apply.

Vietnam Term

The Vietnam Term learning option is available only to residents in Vietnam. This option consists of four starts per academic year with each term being 12 weeks in length and a three-week break provided for Tet (Vietnamese New Year) in Term 1 each year. The academic year for the Vietnam learning option begins in January and ends in December.

Students enroll through the CSU Vietnam offices located in Hanoi and Ho Chi Minh City, Vietnam. Two courses per term are offered in both locations. Courses offered in this learning option are in a hybrid format utilizing asynchronous delivery through the Blackboard Learning Management System, lectures by course faculty using Adobe Connect (a secure web conferencing software service that enables meetings and seminars to be accessed by participants via a web browser), tutor-led sessions held two days per week at each location, and face-to-face review of course materials by CSU faculty who travel to Hanoi and Ho Chi Minh City during the last weeks of class each term to review for, and administer, the final exam. Course assignments and assessments in this hybrid format align with courses offered in the other learning options.

The Vietnam Term learning option is only for courses offered in each city that have 10 or more students enrolled. Vietnam students in courses with fewer than 10 students are enrolled in the CSU Term or LifePace Learning options.

LifePace Learning

The flexibility of the LifePace Learning option is what makes CSU unique. Students can progress through a course in as early as four weeks or extend the course as long as 18 weeks*. With LifePace Learning, students will have the flexibility to cover course material as rapidly as concepts are mastered or take that extra time needed to fully absorb and understand the assignments. LifePace Learning is simply education at the pace of your life.

Additional time beyond the normal course length of 10 weeks will require submission of a form and payment of the appropriate fee. For more information and a listing of fees, refer to the Incomplete Course Policy in the Student Handbook.

Term

The CSU Term Learning (Term) option is an asynchronous online learning delivery option allowing students to choose the best time to study. The Term provides a more structured framework that facilitates on-time course completion while allowing students the flexibility throughout the week for assignment completion. There are no required login times and the start date coincides with CSU's Academic Calendar. A term begins almost every month of the year allowing students to begin or continue a program of study at a convenient time, and gives students the typical, structured schedule found with most college classes.

Weekly substantive interaction among students and the course professor is provided through submission of discussion board postings and assignment feedback.

The Term option is only available to students enrolled in the Doctor of Business Administration (DBA) program.

VII. In-Program Student Requests

Associate Degree Request for Bachelor Students

While completing coursework toward the bachelor's degree, students can earn the necessary credits to satisfy the requirements of the associate's degree. Students enrolled in a bachelor's degree program may petition for the corresponding associate's degree upon qualification.

Students requesting qualification information and the Associate Degree Request for Bachelor Students form should contact CITC Student Services staff.

Changing Degree Programs

Current and withdrawn students are eligible for admission consideration into a new degree program. Students requesting consideration must submit the Program Change/Re-Evaluation Request Form provided by CITC. Associated fees are listed below:

Change Degree Program	\$35
In-Program Re-Evaluation	\$25 (<i>update to newest curriculum available for same degree</i>)
Concentration Change	\$25
Transient Student to Degree-Seeking Student	\$0
Non-Degree Seeking to Degree-Seeking Student	\$0

Students wishing to change degree programs or concentrations, or who wish to be re-evaluated to a revised curriculum, must complete the Program Change/Re-Evaluation Request Form provided by CITC. Official transcripts must be on file for any transferred courses before this request can be processed. Once received, the student's file will be reviewed and the student will be provided with a new applicant evaluation report detailing which of the new program courses will be required. Additionally, this report will indicate if any of the courses the student has previously taken through CSU will apply. The new evaluation will be subject to current CSU Catalog requirements.

Note: New policies and tuition rates may apply if the original enrollment pre-dates university policy changes. This type of information will be included in the new applicant evaluation report.

Course Transfer Request

Students wishing to transfer completed courses into their program of study at CSU should submit the Course Transfer Request Form provided by CITC.

Transfer Requirements:

- Official transcripts should be requested from each institution in which a course is being considered for transfer; the Course Transfer Request will not be processed until all official documents are received by the Office of the Registrar
- Courses being considered must have similar content to those offered at CSU
- Credits must have been earned at a nationally or regionally accredited institution
- Undergraduate courses must have earned a "C" (2.0) or better to be accepted as transfer credit
- Graduate courses must have earned a "B" (3.0) or better to be accepted as transfer credit

Degree to Certificate Transfer Request

Students wishing to obtain a degree level certificate, while enrolled in the corresponding degree program, may request the certificate by submittal of the Degree to Certificate Transfer Request form provided by CITC. Students will be issued the certificate for completion of all courses required in a certificate program.

Petition for Graduation

Students within 12 hours of satisfying program requirements are encouraged to file a [Petition for Graduation](#) form. By submission, an official audit of the student record is performed. The audit reviews several facets of the student record including, but not limited to, degree credits earned, financial standing, and official transcript record.

Note: Students enrolled in the DBA program should refer to the [DBA Graduation Requirements Policy](#).

Returning Students

Students in an inactive status, or those formally withdrawn from the institution, are required to submit a Re-Enrollment Application.

Upon submission of the Re-Enrollment Application, submittal of official transcripts not previously received by the University is required. Students may opt to use the Transcript Request Service for assistance in obtaining official documents. Students re-admitted to the University are subject to the

current University Catalog, including academic policies and program requirements. Once all documentation is received by the University, an applicant evaluation report is issued to the student. Students who are in receipt of an applicant evaluation report may register for courses. Students should seek academic advisement prior to enrolling.

Requesting a Transcript

Once a student has completed the first three credit hour course, and course tuition has been received, the student may request an official CSU transcript. Only transfer credit submitted to the University via official documents is included on the CSU transcript. Unofficial transfer credit is not notated on the CSU transcript. A CSU transcript may be requested by using the Official Transcript Request form provided by CITC and a transcript fee applies. Please allow 7-10 business days for processing. The record is mailed as a sealed official transcript to the institution or person indicated on the Official Transcript Request form. An unofficial transcript may be emailed or faxed if indicated on the request form. Please note, the transcript processing fee only applies to the official transcript.

**The first transcript is free of charge. A fee will apply for any additional transcripts that are requested.*

Returning Graduates

Students returning for a subsequent degree program should submit the Application for Admission. A graduation audit must be passed for the previous program. Additional official transcripts/documents not previously submitted may be requested through the CSU Transcript Request Service. CSU cannot order copies of CLEP scores or international transcripts. Returning students are required to have an evaluation of credit complete prior to beginning their next degree program with CSU.

VIII. Annual Security Report

The Crime Awareness and Campus Security Act of 1990

The Jeanne Clery Disclosure Compliance Statement

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States to disclose information about crime on and around their campuses.

Columbia Southern University's Annual Campus Security Report includes statistics for the previous three years concerning reported crimes that occurred on-campus, in certain off-campus buildings, property owned or controlled by CSU, and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A link to a copy of the report is included below.

The Annual Security Report can be viewed online at <http://www.columbiasouthern.edu/tuition-financing/federal-student-aid/consumer-information/annual-security-report>

IX. Drug & Alcohol Prevention

Drug & Alcohol Prevention Program

The Drug-Free Schools and Communities Act of 1989 requires that all institutions of higher education (IHE) adopt and implement an alcohol and drug prevention program to prevent the abuse of alcohol and use of illicit drugs by students and employees on institutional premises or as part of any of its activities. The regulations require an IHE to do the following:

1. Prepare a written policy on alcohol and other drugs.
2. Distribute the policy to every student and staff member each year.
3. Prepare a biennial review report on the effectiveness of its alcohol and other drug (AOD) programs and the consistency of policy enforcement.
4. As part of the biennial review, the institution must determine the following:
 - » The number of drug and alcohol related violations and fatalities that occur on the campus, or as part of any of the institution's activities and are reported to campus officials, and
 - » The number and type of sanctions that are imposed by the institution as a result of drug and alcohol-related violations and fatalities on the institution's campus or as part of any of the institution's activities.

Drug and Alcohol Policy

I. Standards of Conduct

Columbia Southern University (CSU) is committed to providing a drug-free campus and workplace. CSU prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students, employees, and guests on its premises, or at any activity it sponsors.

Students, employees, and guests must comply with the federal, state, and local laws concerning underage drinking and illegal drug usage. Violations of federal, state, or local laws will be reported to the appropriate law enforcement officials.

Students and employees will be subject to university disciplinary action, up to and including expulsion or separation, pursuant to CSU policies and procedures.

II. Legal Sanctions Regarding Unlawful Use, Possession, or Distribution of Alcoholic Beverages and Illicit Drugs

A. State Laws and Sanctions

The legal drinking age in the United States is 21 in all 50 states and the District of Columbia. Legal drinking age is 18 in the U.S. Virgin Islands, Puerto Rico, and Guam.

Alabama laws related to the illicit possession, use, and distribution of alcoholic beverages or drugs, and the possible legal penalties for violation of these laws can be found at the following web pages:

- <http://alisondb.legislature.state.al.us/alison/codeofalabama/1975/coatoc.htm> — Alcohol
 - » Sections 28-1-1, 28-1-5, 28-4-20, and 28-3A-25
- <http://alisondb.legislature.state.al.us/alison/codeofalabama/1975/coatoc.htm> — Drug Offenses
 - » Sections 13A-12-211 to 215, 13A-12-250, 13A-12-260
- <http://alisondb.legislature.state.al.us/alison/codeofalabama/1975/coatoc.htm> — Public Intoxication
 - » Section 13A-11-10
- <http://alisondb.legislature.state.al.us/alison/codeofalabama/1975/coatoc.htm> — Driving while under the influence
 - » Section 32-5A-191

B. Federal Laws and Sanctions

United States Code Title 21, Chapter 13, Section 812 establishes classifications of controlled substances and is located at <http://uscode.house.gov/view.xhtml?path=/prelim@title21/chapter13&edition=prelim>. Section 841 makes it unlawful to manufacture, distribute, or dispense, or possess with intent to manufacture, distribute, or dispense, a controlled substance or a counterfeit substance. Federal penalties for controlled substances can be found at <http://www.justice.gov/dea/druginfo/ftp3.shtml>.

C. Local Ordinances

Local authorities abide by state and federal laws concerning unlawful possession, use, and distribution of alcoholic beverages and drugs.

Penalties for subsequent violations and convictions of the above are progressively more severe than for initial convictions.

Drug and Alcohol Prevention Program

Columbia Southern University provides the eCHECKUP TO GO software for all students, faculty, and employees. eCHECKUP TO GO is an alcohol and drug prevention program that educates students and other members of the CSU community on drinking patterns and the risks associated with alcohol and marijuana use. Students, faculty, and employees can access the software at <http://interwork.sdsu.edu/echeckup/usa/alc/coll/columbiasouthern>.

Health Risks

Alcohol and other drug abuse is a significant public health problem and has a detrimental effect on the community in terms of increased medical and workers compensation claims, medical disability costs, decreased productivity, injuries, theft, and absenteeism. To learn more about the health risks of alcohol and drug use, please visit the National Institute on Drug Abuse at <http://www.drugabuse.gov/drugs-abuse>.

Other Resources

Because CSU's virtual campus does not enable the provision of on-site counseling or treatment, the following information is provided as a resource for those who need assistance with avoiding or recovering from alcohol or drug abuse. Students or employees who need information related to alcohol or drug abuse are encouraged to use directory information, online searches, the telephone book, or referrals from friends and/or professionals. Below is a list of local and national organizations dedicated to providing information and suggestions.

X. Title IX

Equal Opportunity, Harassment, and Nondiscrimination Policy

Columbia Southern University (CSU) affirms its commitment to promote the goals of fairness and equity in all aspects of the educational enterprise. All policies below are subject to CSU's resolution process as detailed below. When the responding party is a member of the CSU community, the resolution process is applicable regardless of the status of the reporting party who may be a member or non-member of the campus community, including students, student organizations, faculty, administrators, staff, guests, visitors, vendors, etc.

Mona McPherson serves as the Title IX Coordinator and oversees implementation of CSU's policy on equal opportunity, harassment, and nondiscrimination. The Title IX Coordinator acts with independence and authority free of conflicts of interest. To raise any concern involving a conflict of interest by the Title IX Coordinator, contact the University Chief Operating Officer (COO) at chiefoperatingofficer@csegroup.com. To raise concerns regarding a potential conflict of interest with any other administrator involved in the resolution process, please contact the Title IX Coordinator at (251) 981-3771 ext. 1333 or mona.mcpherson@csegroup.com

Reports of discrimination, harassment, and/or retaliation should be made using one of the following options.

- If the discrimination or harassment occurs on campus, campus security should be contacted immediately at 251-981-3771 Ext. 1114.
- If the discrimination or harassment occurs at a CSU sanctioned event, the event coordinator or law enforcement should be contacted immediately.
- If the discrimination or harassment occurs in the classroom (including virtual classroom), the Title IX Coordinator should be contacted immediately.

In situations where sexual violence has occurred, it is strongly recommended that the victim seek immediate medical attention.

To review the full Equal Opportunity, Harassment, and Nondiscrimination Policy, please click [here](#).

Sexual Violence Prevention Program

Columbia Southern University (CSU) believes that it is the responsibility of all students, faculty, and staff to be a well-informed, active participant in building and supporting a safe campus environment. The Sexual Violence Prevention Program is provided as an online resource within the myCSU Student Portal, under University Resources and may be taken at any time.

XI. Academic Policies

Academic Course Load Policy

Columbia Southern University (CSU) expects students to progress through their program of study at a pace in which students can be successful. CSU encourages continuous, full-time enrollment to ensure timely graduation.

Some students may wish to progress through their program of study at a faster pace. These students are encouraged to work closely with the CITC Student Services staff and/or the CSU Vietnam Program Manager, when accelerating course completion beyond the normal course load described below, to develop a plan that will lead to success.

LifePace Learning Course Load Policy

Normal course load in the LifePace Learning option is 3 semester hours (1 course) in a given 10-week period. This online learning option allows students to complete their course(s) as quickly as 4 weeks or extend beyond the normal 10 weeks for an additional fee, not to exceed 18 weeks. Students may enroll in 6 semester hours (2 courses) concurrently with approval from the CSU International Project Manager. The CSU International Project Manager will review and approve course load upon submission of the enrollment request, and students requesting to exceed normal course load must meet the following requirements:

- Have completed at least 12 semester hours (undergraduate), or 6 semester hours (graduate), at CSU in current degree program
- Have a minimum established GPA of 3.0
- Maintain reasonable academic progress
- Read and understand the CSU probation, suspension, and dismissal policies

The waiver is granted on an individual enrollment basis and students are expected to meet the above requirements for each waiver approval. The maximum course load allowed is 9 concurrent semester hours.

**A full-time load in a ten week period is six semester hours for undergraduate and three semester hours for graduate.*

Vietnam Term Course Load Policy

Normal course load is 3 semester hours (1 course) in a given 12-week period. This learning option allows students to complete their course(s) as quickly as 12 weeks or extend beyond the normal 12 weeks for an additional fee, not to exceed 20 weeks. Students may enroll in 6 semester hours (2 courses) concurrently with approval from the CSU International Project Manager. The CSU International Project Manager will review and approve course load upon submission of the enrollment request, and students requesting to exceed normal course load must meet the following requirements:

- Have completed at least 12 semester hours (undergraduate), or 6 semester hours (graduate), at CSU in current degree program
- Have a minimum established GPA of 3.0
- Maintain reasonable academic progress
- Read and understand the CSU probation, suspension, and dismissal policies

The waiver is granted on an individual enrollment basis and students are expected to meet the above requirements for each waiver approval. The maximum course load allowed is 9 concurrent semester hours.

**A full-time load in a twelve week period is six semester hours for undergraduate and three semester hours for graduate.
Note: Students enrolled in the DBA program should refer to the DBA Academic Course Load Policy.*

Academic Integrity Policy

Academic Integrity Definition

Academic integrity demonstrates intellectual honesty by avoiding incidents of cheating, plagiarism, self-plagiarism, and/or poor scholarship.

- Plagiarism is defined as representing the words, ideas, or other works of another individual or entity as your own without giving proper credit to the original author or source.
- Cheating is defined as using or attempting to use unauthorized materials, information, study aids, or computer-related information.
- Self-plagiarism is defined as submitting previously submitted course work that may or may not have received academic credit, without prior approval of the instructor.
- Poor scholarship is defined as an incorrect attempt to give credit to or document the use of an external source.

Statement of Policy

Ethical conduct is foundational to a successful academic career at Columbia Southern University (CSU). Students, faculty, and staff must commit themselves to the highest standards of honesty, trust, fairness, respect, and responsibility. Therefore, any deviation from these standards is a breach of the ethics that ensure the quality of CSU's academic programs, and thus, is a violation of CSU's Academic Integrity Policy.

The Honor Pledge reads as follows:

I promise or affirm that I will not, at any time, be involved in cheating, plagiarism, fabrication, or misrepresentation of sources while enrolled as a student at Columbia Southern University. I have read the Student Code of Conduct Policy and the Academic Integrity Policy, which explains disciplinary procedures that will result from failure to comply with these

policies. I understand that violation of the Academic Integrity Policy will result in sanctions, appropriate to the incident and the student record as a whole, that are outlined within this policy.

Violations of the Academic Integrity Policy include, but are not limited to:

- Using unauthorized materials, electronic or print, or receiving unauthorized assistance during any examination or in connection with any work completed or submitted for academic credit
- Presenting the work or ideas of another as one's own without proper acknowledgement of the source, whether that material is paraphrased or copied in verbatim or near-verbatim form
- Sharing, selling, or buying information related to any graded learning activities
- Using another student's graded work to complete assignment(s)
- Resubmitting, in whole or any portion of, a previously written work by the student without professor consent
- Falsifying or fabricating information
- Using sources deemed as inappropriate by the University such as:
 - Internet essay/paper generators
 - Homework assistant websites
- Using an alternate, stand-in, or proxy during an examination
- Violations outlined within the Final Examination Proctor Policy

APA Guidelines

Students are expected to follow the format of the Publication Manual of the American Psychological Association (APA) (current edition) when assignment instructions indicate APA format is required. The APA manual presents explicit style requirements for students in the preparation of written works which may include research papers, projects, and other written assignments.

As required by APA writing style, all sources used directly or indirectly (quoted or paraphrased) must be cited within the text and all appropriate sources shall be compiled in a reference list at the end of all applicable written works. Students and faculty should refer to all assignment instructions for specific guidelines. CSU has created the [CSU Citation Guide](#) and other resources to assist students in complying with APA standards. These resources are all located in the myCSU Student Portal under the [Learning Resources](#) tab.

Sanctions

Violations to the Academic Integrity Policy are a very serious matter and are officially documented in the student's record. Students who are found to be in violation of this policy are subject to sanctions which are based on the severity of the specific violation, in addition to any previous violation(s) identified. Violations are cumulative throughout the student's tenure at Columbia Southern University.

Sanctions include but are not limited to:

- Point(s) deduction
- Assignment failure
- Course failure
- University dismissal
- Degree revocation

Please note: Violations that occur during a final examination are also included in the cumulative number of violations that have occurred in the student's academic record. Final Examination sanctions may include a resubmission opportunity, point deduction, assignment failure, course failure, probation, suspension, and/or a university dismissal and degree revocation.

Statute of Limitations

There shall be no statute of limitations that precludes the University from acting on the discovery of alleged violations. This could take place during the time in which the course in question is being offered, after the course has ended, or after the student has graduated.

In the event additional academic integrity violations are discovered after degree conferral, it will result in degree revocation.

Students should be aware that dropping or withdrawing from a course in which there is an Academic Integrity violation does not void the violation and that all infractions will be recorded in the student's record.

Due Process

If a student is found in violation of the Academic Integrity Policy, the student is allowed due process and may contest the University's findings. All student appeals should be sent to the CSU Vietnam Program Manager within ten business days of notification of the violation. The appeal will go through the University's student appeals process, pursuant to the Student Appeals Policy.

Academic Program Improvement Policy

Columbia Southern University (CSU) is committed to provide students program options that will prepare them to enter the workforce in a discipline of interest. The University regularly reviews academic programs (courses, concentrations, certificates or full degree programs) and considers those which will meet the needs of CSU students and the workforce. As a result of this comprehensive review, decisions sometime result in an improvement or discontinuation of the academic program.

Once a new program or improvements to an existing program has been approved, the New Program Launch Committee (NPLC) shall convene to discuss the communication plan. The NPLC is responsible for the notification to enrolled and prospective students of any plan to modify its programs. Changes to CSU programs will be relayed using approved University communication mediums.

Teach-Out Plan

The purpose of a teach-out plan is to provide eligible students who are enrolled in CSU programs scheduled for discontinuation the opportunity to complete the program before it is no longer available for enrollment registration. When a program is discontinued, a teach-out plan is administered to ensure eligible students receive the information and support services needed to complete the program within the established parameters of the teach-out plan. Eligible students are those who are actively enrolled or registered in the program scheduled for discontinuation. The Office of the Registrar will notify students via email who are actively enrolled or registered in the program and include a reasonable registration schedule that will allow students to complete the program requirements before the program is no longer available for enrollment registration. This notification will include active students who may need to repeat program requirements. Students who are readmitted will be required to choose a different program upon readmission. Students who do not respond to the teach-out notification may be required to change programs once the program is discontinued.

Academic Records Privacy Policy

Columbia Southern University (CSU) is responsible and accountable for protecting the privacy of students enrolled in its distance education programs and as required by the Family Educational Rights and Privacy Act of 1974 (FERPA). The purpose of this policy is to provide written procedures CSU takes to effectively provide this protection.

Procedures for Protecting Distance Learning Student Privacy

1. CSU protects the privacy of all its distance learning students through the strict adherence to the rules of FERPA. The official FERPA statement is available for student and public view through the CSU website. All CSU employees and faculty complete required annual training in FERPA rules and acknowledge by signing a Confidentiality Notice.
2. Students may wish to authorize consent to share student record information with another individual. In this case, a FERPA consent form must be on file and the person authorized consent may only access information by providing an assigned password. Consent only provides authorization to release information, not to take action on a student record. Students may also revoke the release of student record information.
3. CSU students are assigned a secure, individual Student Identification Number (SID) and password upon enrollment. These assigned identifiers are used to access Blackboard, CSU's Learning Management System (LMS), to complete coursework and myCSU Student Portal to access grades and related information. Students who contact the University by phone, chat or email must provide this information and a second source of personally identifiable information in order to discuss matters pertaining to their student record. Students may refer to the Student Identity Verification Policy to learn more.
4. Information contained within the CSU Student Information System (SIS) is also viewed as sensitive, personally identifiable information and the University makes reasonable efforts

to ensure all information contained within is secure from modifications or deletion by unauthorized personnel. In addition, employees who do not have a vested interest to perform a relative job function are not granted access to information contained in the SIS. Servers containing the SIS are located in a secure environment.

The Office of the Registrar is responsible for the privacy of all CSU student record information. Students who wish to discuss privacy of student records, FERPA, or wish to express concern may contact the office at Registrar@columbiasouthern.edu or dial 877.316.0219.

Accommodation for Disabilities

It is the policy of CSU to provide reasonable accommodation(s) for persons defined as disabled under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and all other local and state requirements dealing with students who have recognized disabilities. A request for reasonable accommodation will be granted provided that the following criteria are met:

- The request for reasonable accommodation is based on individual needs.
- The request does not require a financial burden on CSU that is beyond what is viewed as customary and reasonable.
- The request does not compromise the basic requirements of the course.

The Office of Disability Services serves the special needs of students. It is the student's responsibility to self-disclose a disability to the Office of Disability Services and provide the appropriate documentation from a qualified medical or licensed professional if requesting specific accommodations for services. New students should submit this documentation at least 10 days prior to taking their first class at CSU.

If you have any questions regarding the services provided through the Office of Disability Services please contact the CSU Vietnam Program Manager. Contact or inquiries with this office will not imply a disclosure of a disability.

Assignment Make-Up Policy

Columbia Southern University (CSU) delivers curriculum through a variety of assignment types and methodologies. Assignment types are unique and carry specific submission requirements. Assignment submittal information can be viewed within the assignment instructions in each course. In the event technical difficulty occurs, please refer to the Technology Policies located within the myCSU Student Portal. The CSU Technical Support Department is available to assist students in resolving technical issues.

On occasions, in which special consideration is granted by the course professor to make-up or re-submit an assignment, specific instructions or assignment due dates for make-up work should be followed. Requests for special consideration to make-up or re-submit an assignment should be emailed to the course professor prior to the course end date. Requests will be

reviewed by the course professor who will render a decision based upon the merits of the case.

Complaint and Grievance Policy

Columbia Southern University (CSU) acknowledges that students have the right to seek a remedy for a dispute or disagreement through a comprehensive complaint and grievance procedure.

- A complaint is defined as a feeling of dissatisfaction when a decision or action has been made inconsistently with university policies and procedures, or improper, unfair, arbitrary, or discriminatory treatment* has occurred.
- A grievance is defined as a complaint for which a mutual resolution has not been achieved through informal mediation at Levels I and II. A grievance must be accompanied by supporting evidence that the decision made at Level II was unjustly rendered.

CSU reserves the right to amend use of the Complaint and Grievance Policy in any circumstance that is deemed necessary by the university. Additionally, should a complaint be against a faculty member or administrator, an opportunity will be provided for the faculty member or administrator to respond to the received complaint in attempt to aid in its resolution.

**Students with alleged discrimination on the basis of age, color, disability, gender, national origin, race, religion, sex or veteran's status, should contact the [Title IX Coordinator](#).*

Complaint Procedure

Level I

Students may file a complaint by completing a Complaint Form provided by CITC. This form should be submitted to the CSU Vietnam Program Manager for review. Submission of a complaint should take place within ten business days of the occurrence. The student shall be notified that the complaint has been received. A decision shall be rendered and communicated to the student within five business days of receiving the complaint.

Level II

Students not satisfied with the decision rendered at Level I, should contact the Office of Student Resolution and Conduct, studentresolution@columbiasouthern.edu, within five business days of receiving the Level I decision and request that the decision be considered at a higher level. The student will be informed that the request has been received. The Office of Student Resolution and Conduct will then take this Level II request to the appropriate university official who will provide a secondary review, consideration, and a decision to the student within five business days.

Level III

Students not satisfied with the decision rendered at Level II may file a formal, written grievance. This grievance must be a letter that is to be sent to grievance@columbiasouthern.edu within ten business days of the Level II notification date. The grievant must include the following criteria, as appropriate in this letter:

- The specific university policy or procedure that has been allegedly violated
- Factual information and/or evidence supporting the grievant's views on the alleged violation

- A description of the outcome the grievant seeks

The grievant will be notified that the grievance has been received and the responding university official will then give independent consideration, adjudication, and a written decision about the grievance within seven business days of the notification.

Level IV

Should the grievant not be satisfied with the decision rendered at Level III, a final review of the grievance decision by the Grievance Committee may be requested in writing to grievance@columbiasouthern.edu within ten business days of the Level III notification date. The Level IV decision will be rendered by the Grievance Committee who will conduct a final review of the grievance and will notify the grievant and appropriate university officials, in writing, of their action. The decision of the Grievance Committee is final, and no further appeal will be considered.

Students who wish to file a complaint with an agency, may review agency contact information on the [CSU Website](#). However, it is recommended that students not contact these agencies until they have proceeded through the university's processes for filing a complaint.

Course Completion Policy

Students are encouraged to complete all assignments within a course; each assignment holds a weighted score that comprises the final course grade. Course assignments not completed by the original or adjusted course end date will be assigned a grade of zero (0). Final course grades are calculated utilizing the weighted score assigned to each course assignment. For example, failing to complete an assignment weighted at 25% of the course grade would earn a final grade no higher than 75%. Students who are unable to complete all course assignments prior to their original course end date are offered the option of requesting an Incomplete (I), or withdrawing from the course. Academic and financial consequences should be noted for students who withdraw after week one of the course. Students planning to withdraw from any course should review the Course Drop/Withdrawal Policy. In addition, advisement should be sought to address all consequential actions prior to submitting the withdrawal request. Students requesting additional time in a course must submit the Incomplete Course Request Form provided by CITC. Students are required to maintain a minimum cumulative GPA of 2.0 in undergraduate programs and 3.0 in graduate programs. Academic standards of performance are established to ensure satisfactory academic progress toward an earned degree.

Course Retake Policy

Undergraduate students must earn a cumulative GPA of 2.0 or higher on a 4.0 scale. Students earning a "D" or below may need to repeat the course to satisfy program requirements.

Graduate students must earn a cumulative GPA of 3.0 or higher on a 4.0 scale. The course in which a grade below C is received must be repeated at CSU. Students may need to repeat a grade of "C" to satisfy graduation requirements.

In cases where a student repeats a course, the original course will be issued a grade of “R” upon completion of the retake.

Final Examination Proctor Policy

Columbia Southern University (CSU) degree programs contain a variety of assignment types and methodologies. Comprehensive questions or exercises evaluate knowledge, skills, and mastery of subject matter prior to and during the final examination. Numerous courses within a program of study may require a final examination; for which, an approved proctor is required. An approved proctor is a credentialed organization, center, or individual who verifies student identity and supervises examination integrity.

The following are important facts concerning proctored final examinations:

- All final examinations for students enrolled in the Vietnam Term option will be administered within the last two weeks of the course. Final examinations will be proctored by the course professors while they teach onsite in Vietnam.
- Students enrolled in LifePace Learning or Term have two proctoring options. Students can choose to sit for the exam at CSU’s Vietnam locations, which will be proctored by the CSU Vietnam Program Manager or CITC academic staff when necessary. Students also have the option to take the exam at a remote location, other than CSU’s Vietnam locations, which will require students to follow the standard proctoring procedures outlined within this policy.
- Final Examinations must be submitted for grading by 11:59pm, Central Time (CT), on the course end date.
- Valid, government-issued photo identification, such as a driver’s license, is required for identity verification prior to examination administration to receive credit for the examination.
- Students are allotted four (4) hours for examination completion, which begins at the time the exam is initially opened. The time allotment is cumulative; therefore, a total of 15 minutes in short breaks may be taken during the examination administration and are included in the time allotment. No materials are allowed to leave or re-enter the testing area.
- Permitted examination materials are provided within the course and examination instructions. Other materials and/or software may be utilized, with the approval of the course professor or Office of Disability Services.
- eTextbooks and PDF textbooks should be accessed on the computer in which the examination is being taken.
- Access to MS Office Suite software or equivalent. All documents should be started on a new page, without any previous formatting.
- Fees incurred by use of the standard proctoring option are the responsibility of the student.
- Final examinations should be taken in an environment which the student is not likely to be interrupted during examination administration.

Standard Proctoring

A standard proctor is an unbiased, qualified individual, selected by the student and approved by the University, who agrees

to supervise an examination by verifying student identity and ensuring examination integrity. Upon approval, the proctor will remain active with the University unless proctoring qualifications change, the student or proctor requests discontinuation, or the proctor is disqualified due to a violation of any applicable academic policies including Final Examination Proctor Policy and/or Academic Integrity Policy. CSU reserves the right to verify proctor qualifications, require additional evidence of eligibility, or require an alternative proctor be selected. Falsification of proctor information is a violation and could result in proctor revocation and/or other sanctions identified in the Academic Integrity Policy. Please note additional fees may apply for students utilizing the standard proctoring option.

The following are examples of qualified and unqualified standard proctors:

QUALIFIED PROCTOR

College or University Professor, Dean, Director, or university official
 School Principal or Vice-Principal
 University/College Testing Center
 Private Testing Center
 Personnel Officer, Human Resources Manager, training officer or training facilitator
 Commissioned Officer or Senior Non-Commissioned Officer in the Armed Forces or Civil Service equivalent
 Police or fire service sergeant or higher
 Educational Services Officer (ESO)
 Educational Services Specialist (ESS)
 Military Base Testing Offices
 Library / Librarian
 Teacher or School / Guidance Counselor
 Minister, Priest, Rabbi or other Religious Leader
 CITC Staff Member

UNQUALIFIED PROCTOR

Any individual that poses a conflict of interest
 Co-worker
 Tutor
 Friend
 Neighbor
 Relative
 CSU Student
 Individuals paid for a personal service (doctor, attorney, consultant, etc.)
 Individuals deemed unqualified by university personnel

Proctors are required to complete the following:

- Present valid credentials for proctor certification and provide a valid e-mail address from the organization which employs the proctor.
- Submit a completed "Proctor Agreement Form" to CSU for consideration of approval, along with credential certification. Approved credential certification includes:
 - Professional business card listing company name and title
 - Work badge notating title (excluding military identification card)
 - Teachers Identification or copy of a teaching certificate
- Letter from proctor's supervisor or human resource manager, on company letterhead, stating proctor's position and relationship to the student.
- Maintain examination integrity through concealment of the final examination password. The password is delivered to the proctor who enters it into the examination on behalf of the student. At no time is the student allowed to view the password.
- Verify student identity through valid, government-issued, photo identification, prior to examination administration.
- Remain in proximity of the student through final examination completion.
- Confirm adherence to the four (4) hour examination time limit, which begins at the time the exam is initially opened.
- Ensure only permitted examination materials are present in the testing area during the examination. The list of permitted materials are available in the final examination instructions.
- Confirm the student begins all documents with a new page within MS Office Suite software or equivalent.
- Ensure any copies of the final examination are retrieved from the student and disposed of upon exam completion.
- Notify Academic Advising and Student Support Center at students@columbiasouthern.edu should any exam violation(s) occur, as noted in the Exam Violations section of this policy. A detailed description of the violation(s) should be provided along with current proctor contact information.

Standard Proctoring/Testing Procedures:

- From the myCSU Student Portal, the student will send the "Proctor Information Request" to the desired proctor.
- An e-mail containing a link is delivered to the prospective proctor. The individual will complete the request, attach credential certification, and submit. Please note the link provided is only valid for 14 days; therefore, students will need to resend the invitation once it has expired.
- Academic Advising and Student Support Center notifies both the student and proctor of approval/denial, via email within 2-3 business days.
- Upon approval, the student will submit the "Final Examination Request" located in myCSU Student Portal.
- Academic Advising and Student Support Center will send the final examination password to the proctor within 2-3 business days upon receipt of the request.
- The student and proctor will meet at a pre-determined, mutually convenient time and location for examination administration.

- The proctor must verify student identity by viewing a valid, government issued photo identification and ensure only permitted materials are used during the examination.
- The student will login to Blackboard and click on the "Final Exam" link within the course.
- The proctor will enter the password, guarding against student view.
- The student can begin the examination online or print the final examination and work offline.
- The student will complete the examination within the four (4) hour time allotment.
- Printed copies of the examination must be disposed of upon completion of the examination.

Exam Violations

Students will be notified of any exam violations that occur and are provided the opportunity to appeal any findings by following the student appeals process outlined in the Student Appeals Policy.

The following final examination violations are subject to sanctions pursuant to the Academic Integrity and Code of Conduct Policies:

- Failure to present a valid, government-issued photo identification card.
- Having access to the final examination password.
- Use of unapproved materials or software/technology.
- Use of the Internet to access any site other than the Blackboard Learning Management System, or links provided in an integrated learning resource course.
- Speaking with another individual or receiving unauthorized assistance regarding the final examination.
- Use of a mobile device (Kindle, iPad, cellphone, etc) or other technology during examination administration. Students encountering technical difficulty may access a phone to call technical support.
- Materials exiting or re-entering the testing area.
- Exceeding the four (4) hour testing time limit.
- Actions deemed disorderly, lewd, lascivious, indecent or otherwise inappropriate in nature.
- Any other violation that is outlined within the Academic Integrity Policy and the Student Code of Conduct Policy.

Should any circumstances develop for students taking the final examination at a remote location, including natural disasters, emergencies, power or internet outages, etc., the student and/or proctor should contact the Academic Advising and Student Support Center immediately at 877-323-4471 or students@columbiasouthern.edu. In the event of technical difficulty during an examination, the student and/or proctor should contact Technical Support at 877-399-1063 or techsupport@columbiasouthern.edu.

Grading Policies

Columbia Southern University (CSU) students can view course grades at any time through Blackboard or by visiting the [myCSU](#)

[Student Portal](#). The myCSU Student Portal provides students the option to print course grade reports and review all assignment grades for courses completed at CSU.

Course specific grading information is available within each Course Syllabus, to include assignment weights.

Grading System

The following scale is used to determine final course grades and are recorded on the CSU transcript unless noted:

Grading		Points per credit hour
A	90-100	4.00 Quality Points
B	80-89	3.00 Quality Points
C	70-79	2.00 Quality Points
D	60-69	1.00 Quality Points
F	59-0	0.00 Quality Points
W	Withdrawn	0.00 Quality Points
I	Incomplete	0.00 Quality Points
IP	In Progress	0.00 Quality Points
R	Retake	0.00 Quality Points
DP	Dropped from Course	0.00 Quality Points
DC*	Institutional Drop	0.00 Quality Points

*Not recorded on the CSU transcript.

Final course grades of W, I, IP, R, DP, and DC do not generate quality points and are not normally included in the cumulative grade point average (GPA). An IP grade is assigned when a student is in the process of completing a course and does not indicate that the student has been granted additional time to complete course assignments.

Grade Point Average

The grade point average (GPA) is computed by dividing the total number of quality points by the total number of hours completed.

Grading Rubric

Columbia Southern University has established functional scoring rubrics for all assignment types (e.g., research paper, case study, article critique). The rubrics are located in Blackboard units with the assignments and are available for student review. Faculty apply the rubrics to evaluate the assignments and enter the scores and feedback directly into the rubric located with the assignment. There are also non-functional scoring rubrics for written response assessment items and discussion forums. The written response rubric is found in the unit assessment directions, and the discussion forum rubric is found in the Unit I Discussion Board. Faculty apply these rubrics in scoring the items and provide summative feedback in the "Feedback to Learner", which is found in the gradebook.

Grading Timeframes

CSU requires all assignments to be graded in a timely manner. All assignments are required to be graded within 7 business days of submission. Please note: There may be times in which a grading delay could occur due to extenuating circumstances. These delays will be communicated appropriately.

Late Assignment Submissions

The following list defines information regarding late assignment submissions for students enrolled in the Vietnam Term learning option:

- Any assignments not submitted by the timeframes outlined within the course schedule will result in the following point deductions:
- 7 days past due – 5 points
- 8-14 days past due - 10 points
- 15 days or more past due - 15 points

Final Course Grade Appeals

Students have the option to appeal a final course grade should the student have reason to believe an error has been made in determining their grade. A final course grade may be appealed once the course end date has lapsed and the final course grade has posted. Individual assignment grade challenges should be addressed to the course professor prior to the course end date and are considered informal.

A student may file a formal final course grade appeal if the following conditions are met:

- The student has attempted to resolve the issue informally with the course professor.
- The grading issues at stake impact the final course grade.
- The student believes that his or her final course grade was assigned contrary to procedures as specified in the course syllabus or was based on bias or caprice.
- All course assignments were submitted.
- The final course grade appeal is filed no later than 10 calendar days from the date the final course grade posted.

Students meeting the above criteria, wishing to appeal a final course grade, are required to complete the Final Grade Appeal Form provided by CITC. Along with this form, students should provide all email correspondence with the faculty member showing an attempt to informally resolve the issue and justification supporting the reason for the appeal. The Final Course Grade Appeal Form, email correspondence, and justification should be submitted to the CSU Vietnam Program Manager to begin the Level I Appeal pursuant to the [Student Appeals Policy](#).

Graduation Requirements Policy

Students must successfully complete all degree requirements with passing grades, meet the minimum GPA requirements, meet all financial obligations to the institution, have all official transcripts on file and apply for graduation by submitting a Petition for Graduation provided by CITC.

Undergraduate Requirements

Students enrolled in undergraduate programs must complete a minimum of sixty (60) semester hours in the associate's program and 120 semester hours in the bachelor's program. At least 25 percent of the courses that comprise the program must be completed with CSU, which is a minimum of 15 semester hours (5 courses) in an associate's program and a minimum of 30 semester hours (10 courses) in a bachelor's program. Bachelor's seeking students must also complete 36 upper-division semester hours (3000-4000 level). Students must also maintain a 2.0 cumulative GPA to be eligible for graduation. Though a grade of "D" is considered passing, students may be required to

repeat a course in which a “D” is earned if the grade results in a substandard cumulative GPA.

Graduate Requirements

Students enrolled in a master’s program must complete a minimum of 36 semester hours. At least 50 percent of the courses that comprise the program must be completed with CSU, which is 18 semester hours (6 courses). Grades below a “C” are not considered passing in the graduate program, consequently, students may be required to repeat a course in which a “C” is earned if this grade results in a substandard cumulative GPA.

Graduation with Honors

Students enrolled in baccalaureate degree programs who achieve high level of academic achievement may qualify for honors if certain criteria is met. Honors are noted both on the students’ diplomas and transcripts.

Types of Honors

Cum laude signifies a high level of academic achievement in a baccalaureate degree program and is translated as graduation with praise. This honor requires a 3.5 – 3.79 cumulative GPA.

Magna cum laude signifies a very high level of academic achievement in a baccalaureate degree program and is translated as graduation with great praise. This honor requires a 3.8 – 3.99 cumulative GPA.

Summa cum laude signifies the highest level of academic achievement in a baccalaureate degree program and is translated as graduation with great praise. This honor requires a 4.0 cumulative GPA.

Qualifying for Honors

Graduating with honors is a tribute that recognizes academic achievement and represents a student’s academic experience. A cumulative “honors GPA” is calculated by combining all coursework attempted at CSU. Students must have no grade lower than a “C”, must have no record of academic integrity violation, and must not have repeated any course taken at CSU due to non-satisfactory grades. Honors designation is only awarded for bachelor degree programs.

Letter of Pending Graduation

Students who need to verify that they have graduated or are scheduled to graduate due to an upcoming promotion board, school admission, or other work-related circumstance may request a Pending Graduation Letter from the Office of the Registrar by submitting the request to Registrar@columbiasouthern.edu or 1.800.977.8449 ext. 6526.

Note: Students enrolled in the DBA program should refer to the [DBA Graduation Requirements Policy](#).

Inactive Status

Students who do not submit any coursework within a 12-month period are considered inactive and any tuition being held by the University will be forfeited. Students desiring to return to their studies must be re-evaluated and are subject to any changed academic requirements, tuition increases, and policy changes in force at the time of re-enrollment. The student is assessed a \$25 re-evaluation fee.

Note: This policy does not apply to students enrolled in the DBA program. DBA students are required to maintain continuous enrollment, as outlined in the [DBA Continuous Enrollment Policy](#).

Incomplete Course Policy

Students requesting additional time to successfully complete coursework, in excess of the prescribed enrollment period, may apply for an Incomplete. Requests for an Incomplete should be the exception during a student’s tenure; academic progress throughout the course is expected as it promotes student success.

The following are general facts concerning an Incomplete:

- An Incomplete Course Request form should not be submitted for a course in which assignments need to be re-submitted or if all assignments have been submitted and/or graded. Refer to the Assignment Make-up Policy for further information on assignment re-submission.
- Students approved for an Incomplete forfeit the option to withdraw from the course after the original course end date, pursuant to the Official Course Drop/Withdrawal Policy. Students may refer to the Withdrawal for Special Circumstances Policy should extenuating circumstances prevent course completion.
- Assignments not completed at the conclusion of the Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment as indicated in the course syllabus. The final course grade will replace the grade of “I”.
- The Incomplete fee is non-refundable. The fee will be charged at the time the request is processed.
- Students who are unable to complete their course due to an extenuating circumstance may choose to review the Incomplete for Special Circumstances Policy.
- To promote academic success, students should request the appropriate amount of time in accordance with the number of remaining assignments required for course completion. Students are encouraged to contact CITC Student Services staff to discuss Incomplete options.

Incompletes within the LifePace Learning and Vietnam Term programs:

- The request for an Incomplete is to be submitted prior to the original or adjusted course end date. There are three Incomplete options available, each with associated fees: 15 days for \$25, 30 days for \$50, and 60 days for \$100.
- A maximum of 60 days, from the original end date, may be applied in each course. Should additional time

beyond the maximum amount of days be needed for an extenuating circumstance, students should refer to the Incomplete for Special Circumstances Policy.

- Students should provide projected completion dates for each remaining assignment upon submission of the request.
- Students may formally request an Incomplete through submittal of the Incomplete Course Request form to CITC Student Services staff.
- A course grade of "I" will be assigned and may affect future course enrollments. Please review the Academic Course Load Policy for more information.

Incomplete for Special Circumstances Policy

Columbia Southern University (CSU) recognizes students encounter life situations that may impede academic progress toward degree completion. The Incomplete for Special Circumstances (ISC) is reserved for students who encounter an extenuating circumstance during a course, which inhibits regular, on-time course completion. Examples of such circumstances may include but are not limited to: medical circumstances or surgery, natural disaster, family emergency, death in the immediate family, or job relocation. Students requesting consideration must meet all established qualifications for the Incomplete for Special Circumstances approval.

Under these circumstances, students may also elect to withdraw from the course if it is deemed circumstances may prevent successful course completion. Academic and financial consequences should be noted for students who withdraw after week one of the course. Students planning to withdraw from any course should review the Official Course Drop/Withdrawal Policy, as well as the Withdrawal for Special Circumstances Policy. In addition, advisement should be sought to address all consequential actions prior to submitting a withdrawal request.

The following are general facts concerning an Incomplete for Special Circumstances:

- The ISC request form should be submitted prior to the course end date.
- The ISC request form must be accompanied by relevant supporting documentation, substantiating the stated circumstance. Documentation must be dated and correlate with the hardship and time parameter in which the student is/was unable to complete coursework. Additional or alternate documentation may be requested for verification purposes.
- Required submission dates for all outstanding assignments are to be provided by the student when submitting the ISC request. Individual assignment deadlines should be spaced apart to allow adequate study and submission time.
- ISC requests are not automatically granted and must be approved. A maximum of two (2) ISCs will be granted, upon approval, per calendar year. Students are not granted in excess of one (1) ISC per course.
- Successful course progress may be taken into consideration when reviewing the request.

- Students approved for an ISC are not eligible to apply for a standard, paid Incomplete in the event additional time, beyond time already granted, is needed for course completion.
- Students approved for an ISC forfeit the option to withdraw from the course, after the original course end date, pursuant to the Official Course Drop/Withdrawal Policy. Students may refer to the Withdrawal for Special Circumstances Policy should further extenuating circumstances prevent course completion.
- An ISC request should not be submitted for a course in which assignments need to be re-submitted or if all assignments have been submitted and/or graded. Refer to the Assignment Make-up Policy for further information on assignment re-submission.
- Assignments not completed at the conclusion of the Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment, as indicated in the course syllabus. The final course grade replaces the grade of "I".
- There is no fee requirement for an ISC.

Incomplete for Special Circumstances for the LifePace Learning and Vietnam Term Programs:

- A maximum of 120 days beyond the original course end date may be requested by the student for review and approval. Approval is subject to meeting requirements outlined in policy and the amount of time granted is based upon the student's documented circumstance.
- A grade of "I" will be assigned to the course and may affect future course enrollments; please review the Academic Course Load Policy for more information.

Students meeting required qualifications may request an ISC through submittal of the Incomplete for Special Circumstances Request Form. Please allow 7 to 10 business days for processing the request. All questions should be directed to CITC Student Services staff.

Institutional Academic Progress Policy

Students are required to have a minimum cumulative GPA of 2.0 in undergraduate programs and a 3.0 in graduate programs. Academic standards of performance have been established to ensure satisfactory progress toward a degree. These performance standards form a basis for the following academic classifications:

- Good Standing
- Academic Probation
- Academic Suspension

Guidelines and procedures for placing students in the above classifications include the following:

Good Standing (Active)

A minimum cumulative GPA (2.0 for undergraduates and 3.0 for graduates) must be maintained to be in good standing.

Academic Probation

Upon the completion of a minimum of 12 semester hours, a student is placed on academic probation at any time that his or her cumulative GPA drops below the required minimum*. A student remains on academic probation for 12 semester hours (four courses). While on academic probation, a student must demonstrate sustained satisfactory progress and develop an action plan for academic improvement, approved by the CSU International Project Manager, which may include referral to the Success Center. Students may be limited to enrolling in one course at a time until a cumulative GPA of 2.0 undergraduate/3.0 graduate is achieved. In addition, a student may be delayed from enrolling in the next course pending evaluation of academic progress.

Satisfactory progress requires that a student either raise the cumulative GPA to an acceptable level, or make progress towards earning the acceptable GPA during the probationary period, as detailed below:

The student is removed from probation and placed in good standing if the cumulative GPA threshold (2.0 or higher undergraduate/3.0 or higher graduate) is achieved after completing the required 12 semester hours required during the probationary period. If the student does not raise the cumulative GPA to good standing, the student is placed on suspension. Please refer to the Academic Suspension section of this policy for details.

If the GPA for the probationary period is 2.5 or higher for undergraduates or 3.5 or higher for graduates, but the student does not raise the cumulative GPA to the minimum 2.0 or higher for undergraduates or 3.0 or higher for graduates, a secondary probation period may begin.

**Note: A student who shows substandard academic progress in his or her first 12 semester hours may be academically dismissed without a probationary period. See the Academic Dismissal section of this policy for details.*

Note: If a student is placed on probation, and has already enrolled in more than 3 semester hours for the next scheduled term, the student will be required to withdraw from all courses that exceed 3 semester hours.

Academic Suspension

Should the probationary student fail to demonstrate satisfactory progress, he or she will be academically suspended for a period no less than 10 weeks (LifePace Learning) or no less than 12 weeks (Vietnam Term). A student may request reinstatement after the suspension period has expired. If a second suspension occurs, the student is suspended for a period of at least six months before they are eligible to request reinstatement. If a third suspension occurs, the student must wait a minimum of one calendar year before requesting reinstatement.

Requests for reinstatement are made to the Registrar no later than one month prior to the desired enrollment period. Reinstatement following academic suspension is determined by the Reinstatement Committee and is not automatic.

Students who enroll in other colleges or universities while on academic suspension from CSU are not eligible for reinstatement to CSU until the cumulative grade point average from these other colleges and universities is 2.0 or higher for undergraduate or 3.0 or higher for graduate.

Once reinstated, the student returns to probational status for a period of 12 semester hours. The student is expected to demonstrate academic progress while on probation.

Note: If a student is placed on suspension, and has already enrolled in the next scheduled term, the student will be required to withdraw from all courses and must request reinstatement to continue on in the program.

Academic Dismissal

Columbia Southern University reserves the right to dismiss students whose academic progress is substandard. Factors considered will include, but are not limited to, the number of failing grades, past academic performance, the number of withdrawn courses, and the probability of achieving satisfactory academic standing within a reasonable time frame. Students are subject to academic dismissal (without a probationary period) from the program for a full calendar year if their GPA falls below 1.0 or if they withdraw from the majority of courses within the last 12 semester hours.

Appeal or reinstatement from academic dismissal shall be made to the Appeals Board through the Office of the Registrar.

Note: Students enrolled in the DBA program should refer to the [DBA Institutional Academic Progress Policy](#).

Official Course Drop/Withdrawal Policy

A student's notification to drop or withdraw may be conveyed to the institution in any manner. Students requesting to drop or withdraw from a course or program should submit the Course Drop/Withdrawal form provided by CITC. Details regarding tuition refunds as a result of a drop or withdrawal are described in the Tuition Refund Policy.

Course Withdrawal

A course drop/withdrawal request submitted before or on the original course end date will be considered a course withdrawal. A grade of "W" will be issued. The grade of "W" will appear on the student's transcript but will have no effect on the student's cumulative GPA. Students who demonstrate a pattern of withdrawals are at risk for academic dismissal per the Institutional Academic Progress Policy.

Student Appeals Policy

Columbia Southern University (CSU) recognizes decisions surrounding Academic and Student Affairs policies and/or other university requirements may be reconsidered on occasion. Students have the right to appeal any university decision based upon an academic policy or university requirement, with the exception of those made in accordance with the Complaint and Grievance Policy. Appeals for those decisions follow a separate appeal process.

Students have ten business days from the date of the original decision to file an appeal, outlined in the Student Appeals Process. The decision to approve or deny an appeal is based upon, but not limited to, the following:

- An extenuating circumstance that creates an unrealistic expectation to comply with an academic policy or university requirement
- An improper or unwarranted interpretation or application of academic policy or university requirement that creates an undue hardship
- Documentation that may otherwise provide justification directly related to the basis of the appeal

Student Appeals Process

Level I. Appeal

- Students appealing a decision should submit a formal letter, identifying the basis of the appeal, to the CSU Vietnam Program Manager within ten business days of the original decision. Relevant documentation will be taken into consideration and should accompany the formal letter.
- The appeal will be reviewed based upon the merit of the claim.
- An appeal decision will be sent to the student via e-mail within five business days.

Level II. Appeal

- Students unsatisfied with the appeal decision may petition for a secondary review to studentappeals@columbiasouthern.edu. Level II Appeals must be received within five business days of the Level I notification date.
- An appeal decision will be sent to the student via email within five business days.

Level III. Appeal

- Students unsatisfied with the Level II appeal decision may petition for a final review to studentappeals@columbiasouthern.edu. Level III Appeals must be received within five business days of the Level II notification date.
- The Student Appeals Committee will conduct a final review of the appeal. Notification of a decision will be sent within five business days. The decision rendered at this level denotes a final decision.

Student Code of Conduct Policy

Ethical behavior and conduct is foundational to a successful academic career at Columbia Southern University (CSU). The students, faculty, and staff must commit themselves to the highest standards of honesty, trust, fairness, respect, and responsibility. Therefore, any deviation from these standards is a breach of ethics identified in CSU's Student Code of Conduct. Furthermore, violation of ethical standards can lead to disciplinary actions.

Students are responsible to know and comply with the Student Code of Conduct and other Academic and Student Affairs policies of CSU. In addition, students are expected to demonstrate honesty and integrity with faculty, staff and other

students throughout all interactions online and/or at university-sanctioned events.

Students are prohibited from engaging in conduct that includes, but is not limited to:

- Violation of the Academic Integrity Policy
- Disrespect of university personnel
- Inappropriate content posted to discussion boards and other university/social media platforms including but not limited to, harassment, prejudice, stalking, offensive language, threats, abuse, insults, or humiliation. No demeaning comments will be tolerated, including, but not limited to, comments on religion, race, age, sexual orientation, and unwanted sexual advances or intimidations.
- Breaches of privacy, hacking passwords or systems, distribution or copying of copyrighted material, plagiarism, unauthorized distribution of instructional materials to other users, use of illegal or unlicensed software.
- Intentional breach of university policy or procedures
- Reproduction of university materials to include course content, assessments, or other materials deemed to be the property of the university
- Using and/or purchasing work that is not his/her own
- Disruptive behavior that hinders or interferes with the educational process
- Harassment or intimidation that has the effect of creating an offensive educational environment for any student, faculty, or staff member
- Conduct that is disorderly, lewd, lascivious, indecent or otherwise inappropriate
- Violation of any local, state, or federal law.
- Displaying harmful or threatening behavior towards students, faculty, or other university personnel.

Investigation

Investigations of the Student Code of Conduct shall be conducted in a prompt and reasonable manner. While an alleged violation is being investigated, interim action may be initiated including, but not limited to removal from course, university-sanctioned events, and other functions, and/or receive a no contact order.

In those instances where CSU determines the conduct does not warrant a specific charge, CSU may choose to issue a warning. Note: warnings are not appealable.

In the event of a threat or imminent harm, the university reserves the right to take immediate action prior to the investigation in accordance with sanctions outlined therein.

Notification and Response

A student charged with a violation of the Student Code of Conduct will be notified of the specific violation in writing. Students shall be given ten business days to submit a written response to the designated university official indicating responsibility for the charged offense or denying the charges. Failure of a student to respond to the official letter constitutes a violation of the Student Code of Conduct and may result

in additional sanctions by the university up to and including dismissal from the university. A student denying the charge(s) will follow the below process.

Review of Response

Reviews shall be conducted according to the following guidelines:

- A university official will be designated to review the response.
- If the student has additional documentation to substantiate their denial of the charge, it should be submitted to the designated university official at this time.
- The determination of the misconduct shall be made on the basis of whether it is more likely than not that the student violated the Student Code of Conduct.
- The evidence in support of the charges shall be presented, considered, and a decision rendered.

Decision

- The decision shall be communicated to the student in writing from the designated university official.
- In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, CSU will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary review conducted by the institution against the student who is the alleged perpetrator of the crime or offense.
- In accordance with the requirements under HEOA, in cases of an alleged sex offense, both the accuser and the accused will be informed of the determination involving an alleged sex offense, including any imposed sanction(s).
- A summary report containing findings of fact, decision, and sanctions, will be placed in the student's file.

Sanctions

Disciplinary sanctions shall be based upon the seriousness of the charge(s) and may include, but is not limited to, warning, probation, loss of academic credit, suspension, and conduct dismissal.

Student Appeal

Students that are found to be in violation of the Student Code of Conduct after receiving a decision have the right to appeal within five business days through Level III of the Student Appeals Policy. The student should include justification of why the decision rendered should be overturned, as well as corresponding documentation that will support their request. The appeal decision of the Student Appeals Committee is final and shall be communicated directly to the student.

Student Identity Verification Policy

Scope of Policy

In compliance with the provisions of the United States Federal Higher Education Opportunity Act (HEOA) of 2008, Public Law 110-315, concerning the verification of student identity in distance education, Columbia Southern University has established processes to verify that a student registered

in a distance or hybrid education course or program is the same student who participates in and completes the program and receives the academic credit. The Student Identity Verification Policy is applicable to all Columbia Southern University (CSU) students beginning with the application for admission and continuing through graduation, transfer, or withdrawal from the University.

Identity Verification Methods

Students enrolled in courses or programs offered through distance or hybrid education are subject to one or more of the following student identity verification methods:

A. Government-Issued Photo Identification

Students making entrance application to CSU are required to submit a color image of a government issued photo identification, such as a state driver's license, state identification card, or U.S. passport during the admissions process. CSU reserves the right to require additional sources of identity verification as described in the Admission Requirements Policy. Students sitting for a proctored final examination are required to provide government-issued photo identification (i.e. Driver's License, or other governmental agency issued photo identification.)

B. Secure, Individual Login and Passcode

Students are assigned a secure, individual Student Identification Number (SID) and Password upon enrollment to Columbia Southern University. These assigned identifiers are used to access Blackboard, CSUs Learning Management System (LMS), to complete coursework and myCSU Student Portal to access course grades and related information.

C. Proctored Examinations

Use of a CSU approved proctor or Remote Proctor Now, a virtual, third-party proctoring service, is required for all final examinations, pursuant to the Final Examination Proctor Policy.

Note: Students enrolled in CSU's Vietnam program will not utilize Remote Proctor Now for examination administration. Students should reference the Final Examination Proctor Policy, within the CSU Vietnam Student Handbook, for further information in regards to proctoring options.

D. Administrative or Academic Practices

Students are subject to identity verification, at the institution's discretion, through use of personally identifiable information provided by the student upon application to the University. Students must provide their assigned Student Identification Number, along with a secondary source of personally identifiable information when contacting the University. In addition, faculty may commence verification of student identity following review of student work. Changes in academic performance or writing style may be monitored and prompt a request for identity verification.

Protection of Student Information

CSU practices methods of student identity verification that protects the privacy of student information. Additional facts pertaining to security of information can be found within the Technology Policies, Security of Information Policy.

Notification of Student Fees

All students will be notified at the time of registration of any fees associated with verification of student identity. Proctoring services and associated costs are the responsibility of the student.

CSU approves two, flexible proctoring options: a standard proctor, who is chosen by the student and approved by the University, or Remote Proctor Now (RP Now), an on-demand, third-party, virtual proctor. Students who elect to use the services of RP Now will incur a fee of \$19 per final examination.

Note: Students enrolled in CSU's Vietnam program will not utilize Remote Proctor Now for examination administration. Students should reference the Final Examination Proctor Policy, within the CSU Vietnam Student Handbook, for further information in regards to proctoring options and any associated fees.

Student Responsibilities

Appropriate use of technology is the student's responsibility. Unauthorized use of University Systems, further defined as myCSU Student Portal, Columbia Southern University's Websites, university networks, Internet, Online classroom, or other hardware or software utilized in association with the University is prohibited as identified in CSU Technology Policies, Acceptable Use Policy. This includes unauthorized access to other user accounts or transfer of user passwords to others. Misuse of any University System is subject to the Student Code of Conduct Policy and sanctions contained therein.

Student Rights and Responsibilities Policy

Statement of Policy

Columbia Southern University (CSU) provides students and the University community with an environment that fosters academic success and achievement. The mission of CSU is to provide exceptional service that fully supports student learning with integrity, flexibility, fairness, and respect. Students at CSU are members of a university community committed to basic and broadly shared ethical principles and concepts of integrity, justice, autonomy, commitment to excellence, code of honor, respect and responsibility.

Students who choose to attend CSU accept student rights and responsibilities as members of the university community and agree to abide by policies set forth in the CSU Catalog and CSU Vietnam Student Handbook. Each student holds the right and ability to make individual decisions about their personal conduct and is responsible for their behavior. Furthermore, each student also holds the responsibility to live with the consequences of their personal decision making.

Code of Honor

CSU entrusts each student to maintain academic honesty, personal integrity, and responsible citizenship. We find these ideals are essential to the performance of all academic work and other student activities as members of the university community. The Code of Honor is embodied by these ideals with the support of students, faculty, and staff. Student enrollment into a program of study presupposes a commitment to the principles embodied in the Code of Honor. Each student

should hold oneself and fellow students accountable to their commitment to the Code of Honor.

Student Rights and Responsibilities

The following student rights and responsibilities are governed by the Student Rights and Responsibilities Policy:

Student rights include, but are not limited to:

- Right to freely express his/her own thoughts, concerns, or suggestions in a manner that does not violate the Student Code of Conduct Policy
- Right to privacy
- Right to freedom from discrimination on the basis of race, national origin, sex, marital status, religion, age, or disability
- Right to freedom from harassment, including harassment that is based on an individual's sex, race, age, or any characteristic protected by federal, state, or local laws
- Right to appeal any academic or non-academic decision in conjunction with the appeals process outlined in the Student Appeals Policy
- Right to file a complaint with the institution pursuant to the Complaint and Grievance Policy
- Right to review his/her own educational record in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA)
- Right to request a reasonable accommodation with the Office of Disability Services under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990
- Right to receive prompt responses from university staff and faculty that promotes support and encouragement

Student responsibilities include, but are not limited to:

- Exhibit and maintain integrity when providing student contact, financial, or any other requested information or documentation to the university
- Ensure all contact and email account information is current and on file with the university
- Ensure all official transcripts are received and on file with the university
- Read, understand, and adhere to the terms and conditions, including tuition and fee requirements, upon submitting an enrollment
- Remain in good academic standing throughout his/her tenure at CSU, to include upholding standards of integrity while completing course assignments
- Review emails sent from CSU on a regular basis, as email is considered the official form of communication between the student and university
- Maintain communication with CITC Student Services staff concerning enrollments, course load, and degree program completion requirements
- Communicate with his/her faculty member concerning course requirements, missing assignments, grades, feedback, etc.

- Reference instructions listed in course syllabi, course schedules, and other pertinent tabs within courses in Blackboard
- Stay abreast of important dates, such as course registration deadlines, assignment due dates, and course end dates
- Review the myCSU Student Portal on a consistent basis, as it is the gateway to the university and is resourceful for students
- Submit student requests within the timeframes outlined by the university
- Save course work as it is completed within each course
- Adhere to course withdrawal, refund, and textbook return policies
- Read, understand, and adhere to all Academic and Student Affairs policies and procedures outlined within the CSU Vietnam Student Handbook

Technology Policies

Columbia Southern University (CSU) is dedicated to the success of its students through the use of a variety of technologies and technology support within the University. Collectively, the Technology Policies communicate institutional expectations for its users and constituents by providing instructional principles for use of all university systems including the myCSU Student Portal, CSU websites, university networks, Internet, online classroom, and other hardware or software utilized in association with the user's interaction with Columbia Southern University or its partners and affiliates.

Technology Requirements

Proficient use of e-mail, the Internet, and standard desktop software is recommended to successfully complete online, distance learning courses. CSU utilizes an online curriculum delivery method through the Blackboard Learning Management System (LMS.)

To view a detailed list of CSU Technical Requirements, please click on the following link:

www.columbiasouthern.edu/Future-Students/Requirements

Additional Technology Requirements:

Additional technology requirements may be necessary in some programs of study. Specific requirements are notated in the Course Description of courses requiring additional technology.

CSU reserves the right to update technology requirements, including both hardware and software, throughout the duration of the program. CSU strives to be innovative in its curriculum delivery to support student engagement in coursework.

Technical Support

Technical Support services are available and offer a variety of support services including desktop support, diagnostics, and Blackboard support. Students encountering technical difficulty are encouraged to contact the CSU Helpdesk through the following methods:

Phone: (877) 399-1063

E-mail: techsupport@columbiasouthern.edu

Live Chat:

For Helpdesk availability, please visit the Technical Support page in the myCSU Student Portal by clicking on the link below:

mycsu.columbiasouthern.edu/student/blackboard/support/

FAQs, Software Downloads, and Tutorials are available within the myCSU Student Portal under the Technical Support Navigation Tab.

myCSU Student Portal

The myCSU Student Portal is the gateway to the University. A few of the features available through the portal include the ability to view grades, access an individual student account, and much more. Upgraded applications, features, or functionality may be installed within the myCSU Student Portal and are subject to change. Occasionally, technology requirements will be revised accordingly to meet new university standards and initiatives.

E-mail Policy

Columbia Southern University considers e-mail the official form of communication. Important student information and announcements are communicated through this method. An appropriate, individual (non-shared) e-mail address is required for all CSU students. Students are expected to maintain a current e-mail address on file with the University. In the event a student's e-mail address is no longer valid, access to the myCSU Student Portal may be restricted until such time the address is updated.

E-mail communications are subject to all applicable university policies, including the Student Rights and Responsibilities and Student Code of Conduct policy.

Student Technology Responsibilities

Online, distance learning utilizes technology as a platform for curriculum delivery and student engagement. Although most technologies can be viewed as stable, there may be occasions when technology fails. In our efforts to support students during technology failure, it is recommended students maintain an alternate technology plan. A student's ability to request a grade change, late assignment submission, or similar request will be reviewed on a limited basis by the course professor and may be verified by CSU Helpdesk Support.

The following recommendations are made to maintain an alternate technology plan:

- Periodically save written work as progression is made on assignments.
- Hard Disks or Memory sticks are recommended to back-up data storage. Computer or hard disk failures do occur and can be detrimental to student course progress.
- In the event the technology failure is severe enough to disrupt course completion, the student should contact the course professor for alternate arrangements.
- Regular use of the back-up device is recommended for effective retrieval.

- A plan of action is recommended when the user's primary computer fails. Examples of other alternatives include work computers, libraries, Internet Cafés, or a friend or family member.

The following student requirements are maintained in the event of technology failure:

- Continued course participation and assignment completion is expected unless the student makes alternate arrangements with the course professor or campus, within the limitations of CSU Institutional Policy.
- Accidental assignment submission is not a basis for an opportunity to re-submit an assignment. Students encountering this circumstance should contact their course professor for a decision.

User Information Compilation and Use

Columbia Southern University (CSU) is the sole owner of user information, further defined as applicant and/or student information, collected within the constraints of user interaction with the University. Directory information may be disseminated to specific parties pursuant to FERPA (Family Educational Rights and Privacy Act). CSU does not sell or share user information to outside parties without prior written consent of the user; however, the University may share any user information with its employees, affiliates and partners, or independent contractors with a vested interest. In addition, CSU may share user information with parties who provide educational, operational, or technical services or products on behalf of or directly to the University.

Student Portal and Blackboard Access

Blackboard user access will terminate in the event that a student's status is changed to Inactive; further defined as inactivity in any 365 day period.

CSU alumni will receive the official university newsletter, the CSU Communicator.

Electronically Transmitted Messages

Columbia Southern University (CSU) may retain electronically transmitted messages, defined as e-mail or other data, for an indefinite amount of time. Electronically submitted information, defined by this policy, is distinct and does not pertain to information collected and contained in the official student record. CSU does not retain electronically transmitted messages for any specified period other than time periods dictated by law. Users should not have an expectation any electronically transmitted messages will be retained for a specified time period.

Security of Information

Columbia Southern University (CSU) takes security of information seriously and as such, takes all reasonable precautionary measures to protect sensitive user information. CSU uses encryption and Secure Sockets Layer Web Server Certificates (SSL) for sensitive information requested for submission through the World Wide Web.

Information contained within the CSU Student Information System (SIS) is also viewed as sensitive, personally identifiable information and the University makes reasonable efforts to ensure all information contained within is secure from modification or deletion by unauthorized personnel. In addition, employees who do not have a vested interest to perform a relative job function are not granted access to information contained in the SIS. Servers containing the SIS are located in a secure environment.

Users of technology systems should acknowledge security of the aforementioned information cannot be guaranteed as systems can be compromised by unauthorized third-parties. All users further acknowledge there is no expectation user information is confidential or private when transmitted through or stored upon equipment or systems owned by the University.

Acceptable Use Policy

The Acceptable Use Policy governs all university systems used in association with the user's interaction with Columbia Southern University or its partners and affiliates. Such systems include but are not limited to the following:

- myCSU Student Portal
- Columbia Southern University's Websites
- University networks
- Internet
- Online classroom
- Other hardware or software utilized in association with the University

All content transmitted to and from systems or networks are subject to the Student Code of Conduct Policy and sanctions contained therein.

Permitted Uses:

Columbia Southern University technology systems are to have beneficial uses for all users for the sole purpose of instructional delivery in connection with academic, administrative, and operational activities of the University.

Prohibited Uses:

- Harassment
 - » Sending other users threatening, inappropriate, or unwelcome messages
 - » Sending unsolicited, bulk spam to other users
 - » Any other form of harassment
- Privacy Breach
 - » Accessing, reading, copying, altering, or deleting another users work without authorization or permission
 - » Unauthorized access to other users' accounts
 - » Transfer of user passwords to others
 - » Accessing unauthorized electronic communications
 - » Invasion of personal privacy
- Willful Damage
 - » Purposefully damaging or corrupting hardware, software, or data systems

- » Malicious uses of network and university systems
- » Committing malicious attacks on university networks or systems
- » Hacking passwords or systems
- Copying
 - » Distribution or copying copyrighted material
 - » Copying other's work as your own; plagiarism
 - » Unauthorized distribution of instructional material to other users
 - » Use of illegal or unlicensed software in conjunction with university systems
- Abstract
 - » Engagement in illegal activities
 - » Unjustified accusations or slander of any person associated with the university

Indemnification of the University

Users granted access to Columbia Southern University Systems agree, by authorization of access and use, to exempt the university and hold it harmless from damages to include lawsuits, losses, and expenses. Damages also include but are not limited to attorney fees and litigation costs which could arise from breaches of transmitted content, violation of sensitive information and privacy, user violation of the Acceptable Use Policy or any other of the Technology Policies associated with use of university systems.

Textbook and Course Material Policy

The course material may vary from course to course and could be in the form of printed textbooks, electronic textbooks (eTextbooks), or Integrated Learning Resources (ILR). CSU determines the most effective material to ensure a positive learning experience for students.

Printed Textbooks

Students may contact CITC if a course requires a printed textbook. CITC will assist the student in obtaining the proper textbook for the course in question. Students also have the option to purchase the textbook on their own from an online site such as www.amazon.com.

Note: Students will be responsible for the cost of the textbook, as well as all shipping fees.

eTextbooks

An eTextbook is an interactive, electronic version of the course textbook that can be accessed and downloaded on the course start date. eTextbooks are provided at no cost. Digitally stored eTextbooks may contain audio, video, and animations that enhance the student learning experience. A clickable table of contents allows students to quickly navigate to the desired page(s), highlight, and take notes directly within the eTextbook.

Students gain access to the eTextbook in Blackboard, on the course start date. The eTextbook remains active for 180 days from the initial time the text is accessed. The eTextbook can be printed as much as needed, up to ten pages at a time. Students are able to purchase a printed version of the eTextbook once the course begins from a third-party vendor link

within the eTextbook. The cost of the printed eTextbook is the responsibility of the student.

eTextbooks can be accessed by utilizing iOS, Android, Kindle Fire, Mac, and PC computers and devices.

Video tutorials are available in Blackboard to assist students on how to utilize eTextbooks. The tutorials outline tips for using the eTextbook on and offline, highlighting, note taking, and all other capabilities.

Students should contact their course professors or CSU Technical Support with any technical issues that may arise.

Note: eTextbooks are only available for students enrolled in the LifePace Learning option.

Integrated Learning Resources (ILR)

In an effort to improve and enhance learning, selected CSU courses do not require a printed or electronic textbook. ILR material contains library resources, labs, lectures, faculty-created content, and video presentations. Subsequently, courses may have extended study guides or interactive material that enhances the learning experience and enables students to learn and grow in their disciplines in a practical way.

Students gain access to the ILR material through Blackboard on the course start date. These resources are stored digitally and can be printed.

Withdrawal for Special Circumstances Policy

Purpose

The purpose of the Withdrawal for Special Circumstances Policy is to provide students who encounter special circumstances the opportunity to withdraw from a course when such withdrawal would normally not be considered. Eligible students fall under the following categories:

- The student has a course on Incomplete.
- The student has a course that has ended with a final grade.

Withdrawal for Special Circumstances Policy

Columbia Southern University (CSU) recognizes students may encounter life situations that impede successful course completion. Students experiencing an extenuating circumstance, such as a prolonged illness, death in the immediate family, or similar incident have the option to request a Withdrawal for Special Circumstances (WSC). Requests for a WSC are limited to students who have a course(s) on Incomplete or have a course that has ended with a sub-standard, final course grade directly related to the incident.

Students are eligible to request one WSC per calendar year and the request must be within one calendar year from original course end date. Each withdrawal request may include all courses in which the student is enrolled during the period of special circumstance. Requests for a WSC are not automatically granted and are reviewed independently through the Student Appeals process. Students who wish to withdraw under special circumstances must submit documentation which supports the

extenuating circumstance. Acceptable documentation should include applicable dates to justify the request and may include:

- Medical documentation by a licensed practitioner
- Officially signed letter from an Employer
- Death certificate
- Any other documentation deemed acceptable to CSU

Students approved for a WSC will receive a grade of “W” for the course, which will be recorded in the student record. The grade of “W” will have no effect on the cumulative CSU GPA. An approved WSC is subject to the Tuition Refund Policy, Official Course Drop/Withdrawal Policy, and requirements outlined within the Textbook and Course Material Policy.

Students applying for a Withdrawal for Special Circumstances should submit a formal letter to the CSU Vietnam Program Manager and include necessary documentation to support the request. Students will be notified of a decision within 7 calendar days.

Note: DBA students enrolled in Dissertation/Research courses are not eligible for the Withdrawal for Special Circumstances and should be working with their dissertation chair regarding any special circumstances that arise during this period of their program.

XII. DBA Academic Policies

All academic policies outlined within this section of the CSU Vietnam Student Handbook pertain only to students enrolled in the Doctor of Business Administration program and are intended as a supplement to defined academic policies. Please note: Unless indicated otherwise, DBA students are subject to all aforementioned policies in addition to the policies outlined below.

DBA Academic Course Load Policy

Columbia Southern University expects DBA students to maintain continuous enrollment and progress through the program at a pace which promotes success. Students at this academic level, should be familiar with academic rigor and expectations and should understand the impact of other personal and/or professional responsibilities.

Normal course load in the DBA program is three semester hours (one course) per enrollment period. This course load is recommended to promote the best opportunity for success in this program.

However, DBA students have the option to enroll in six semester hours (two courses) per enrollment period, without prior approval, given that they maintain an academic status of Good Standing (3.0 GPA).

Note: If a student's academic status moves to Academic Probation (GPA falls below 3.0), the student is immediately ineligible to enroll in 6 semester hours per enrollment period. However, if the student is able to improve his or her academic status from Academic Probation to Good Standing, the student is once again eligible to enroll in 6 semester hours per enrollment period.

DBA Admission Requirements Policy

Students wishing to apply for admission into the DBA program should refer to the Admission Requirements Policy, located on the [CSU website](#), for specific admission requirements.

DBA Candidacy Status Policy

Students earn DBA Candidacy Status following the successful completion of DBA 9101, Comprehensive Examination. Enrollment in DBA 9101, Comprehensive Examination is dependent upon successful completion of all DBA major requirements, which the Office of the Registrar verifies.

DBA Continuous Enrollment Policy

Students enrolled in the DBA program must maintain continuous enrollment to promote successful degree completion.

In Term and Veterans Flexible Enrollment learning options, continuous enrollment is defined as enrolling in the subsequent term. For students enrolled in the Life Pace Learning option prior to April 1, 2016, continuous enrollment is defined

as enrolling within two weeks of the current course end date. New students who enroll in the DBA program after April 1, 2016 may enroll only in the Term learning option.

Failure to maintain continuous enrollment will result in dismissal from the program. Dismissal because of lack of continuous enrollment does not exclude students from readmission.

Students who wish to take additional time beyond the requirements outlined above should refer to the DBA Leave of Absence (LOA) Policy.

DBA Graduation Requirements Policy

Students must successfully complete all degree requirements with passing grades, meet the minimum GPA requirements, successfully defend the dissertation, meet all financial obligations to the institution, and have all official transcripts on file. Students enrolled in the DBA program are eligible to apply for graduation by submitting a Petition for Graduation once the dissertation defense is scheduled with the DBA Academic Program Director.

DBA students must complete a minimum of 61 semester hours with a minimum of 12 hours of dissertation/research courses. At least 85 percent of the courses that comprise the program must be completed with CSU, which is a minimum of 52 semester hours in the DBA program.

Honors designation is not awarded for DBA programs. Though a grade of "C" is considered passing, students may be required to repeat a course in which a "C" is earned if this grade results in a substandard cumulative GPA. Grades below a "C" are not considered passing.

DBA Institutional Academic Progress Policy

University policy requires students to maintain a minimum cumulative GPA of 3.0 in the DBA program. These performance standards form a basis for the following academic classifications:

- Good Standing
- Academic Probation
- Academic Dismissal

Guidelines and procedures for placing students in the above classifications include:

Good Standing (Active)

A student in good standing must maintain a minimum cumulative GPA of 3.0.

Academic Probation

The University may place a student on academic probation due to a violation of academic integrity or if the grade point average (GPA) falls below 3.0. The Office of the Registrar specifies the conditions of academic probation to students in writing. Once placed on academic probation, a student is given 6 semester credit hours to raise the GPA to 3.0 or higher.

Academic Dismissal

A student not achieving a GPA of 3.0 or higher, during the probationary period, is subject to academic dismissal from the program. The Academic Program Director of the DBA Program will determine the enrollment status of a student on academic probation. A student can appeal an academic dismissal decision or apply for reinstatement from academic dismissal to the Appeals Board through the Office of the Registrar.

DBA Leave of Absence Policy

Students enrolled in the DBA Program, unable to maintain continuous enrollment, may apply for a temporary Leave of Absence (LOA). University LOA policy allows students the flexibility to take a temporary break from their program. Upon return from a LOA, policy does not require a student to apply for re-admission to the University. This policy does not require the University to dismiss a student from the program because of not maintaining continuous enrollment. The University will not grant a student an LOA in the middle of a term. The University expects a student to complete all courses, if currently enrolled in a term, and apply for a LOA to begin at the start of the next term in the academic program. Should circumstances prevent regular on-time course completion within the enrollment period, students will have the option to request an Incomplete or withdraw from the course.

A student may apply for a LOA by communicating the intent to the CSU Vietnam Program Manager. University policy requires students to complete the Leave of Absence Request Form and have it approved by appropriate administration. Administration will notify students of the decision within 10 business days of the request.

DBA students are eligible for one (1) LOA per 12 month period. After this LOA, the DBA student is once again subject to the DBA Continuous Enrollment policy.

DBA Time Limits

Students enrolled in the DBA program are expected to complete the program in no fewer than three (3) years and no more than ten (10) years from the date of initial enrollment. In some cases, due to extenuating circumstances, an appeal may be made to the DBA Academic Program Director. Supporting documentation describing the extenuating circumstance may be required for consideration.

Grading Policies

Columbia Southern University (CSU) students can view course grades at any time through Blackboard or by visiting the myCSU Student Portal. The myCSU Student Portal provides students the option to print course grade reports and review all assignment grades for courses completed at CSU.

Course specific grading information is available within each Course Syllabus, to include assignment weights.

Grading System

The following scale is used to determine final course grades and are recorded on the CSU transcript unless noted:

Grading	Points per credit hour
A	90-100 4.00 Quality Points
B	80-89 3.00 Quality Points
C	70-79 2.00 Quality Points
D	60-69 1.00 Quality Points
F	59-0 0.00 Quality Points
W	Withdrawn 0.00 Quality Points
I	Incomplete 0.00 Quality Points
IP	In Progress 0.00 Quality Points
R	Retake 0.00 Quality Points
DP	Dropped from Course 0.00 Quality Points
DC*	Institutional Drop 0.00 Quality Points

**Not recorded on the CSU transcript.*

Final course grades of W, I, IP, R, DP, and DC do not generate quality points and are not normally included in the cumulative grade point average (GPA). An IP grade is assigned when a student is in the process of completing a course and does not indicate that the student has been granted additional time to complete course assignments.

Grade Point Average

The grade point average (GPA) is computed by dividing the total number of quality points by the total number of hours completed.

Grading Rubric

Columbia Southern University has established functional scoring rubrics for all assignment types (e.g., research paper, case study, article critique). The rubrics are located in Blackboard units with the assignments and are available for student review. Faculty apply the rubrics to evaluate the assignments and enter the scores and feedback directly into the rubric located with the assignment. There are also non-functional scoring rubrics for written response assessment items and discussion forums. The written response rubric is found in the unit assessment directions, and the discussion forum rubric is found in the Unit I Discussion Board. Faculty apply these rubrics in scoring the items and provide summative feedback in the "Feedback to Learner", which is found in the gradebook.

Grading Timeframes

CSU requires all assignments to be graded in a timely manner. All assignments are required to be graded within 7 business days of submission. Please Note: There may be times in which a grading delay could occur due to extenuating circumstances. These delays will be communicated appropriately.

Late Assignment Submissions

The following list defines information regarding late assignment submissions for students enrolled in the Term learning option:

- Weekly course assignments must be turned in during the week they are assigned. Students have the option to submit assignments one week in advance, unless otherwise indicated by the university.
- Students are required to respond to the Discussion Board assignment by Saturday, Midnight (Central Time) and comment on another student's response by Tuesday, Midnight (Central Time).
- Assignments not turned in by the deadline will be penalized as follows:
 - » One day late – 10 points deduction
 - » Two days late – 20 points deduction
 - » Three days late – 30 points deduction
 - » Assignments will not be accepted after the third day. The student will earn a zero on assignments not turned in by the third day after the deadline unless otherwise approved by the course professor, per the Assignment Make-Up Policy.
 - » Students earn zero points if Discussion Board assignments are submitted late.

Final Course Grade Appeals

Students have the option to appeal a final course grade should the student have reason to believe an error has been made in determining their grade. A final course grade may be appealed once the course end date has lapsed and the final course grade has posted. Individual assignment grade challenges should be addressed to the course professor prior to the course end date and are considered informal.

- A student may file a formal final course grade appeal if the following conditions are met:
- The student has attempted to resolve the issue informally with the course professor.
- The grading issues at stake impact the final course grade.
- The student believes that his or her final course grade was assigned contrary to procedures as specified in the course syllabus or was based on bias or caprice.
- All course assignments were submitted.
- The final course grade appeal is filed no later than 10 calendar days from the date the final course grade posted.

Students meeting the above criteria, wishing to appeal a final course grade, are required to complete the Final Course Grade Appeal Form provided by CITC. Along with this form, students should provide all email correspondence with the faculty member showing an attempt to informally resolve the issue and justification supporting the reason for the appeal. The Final Course Grade Appeal Form, email correspondence, and justification should be submitted to the CSU Vietnam Program Manager to begin the Level I Appeal pursuant to the Student Appeals Policy.

Incomplete Course Policy

Students requesting additional time to successfully complete coursework, in excess of the prescribed enrollment period, may apply for an Incomplete. Requests for an Incomplete should be the exception during a student's tenure; academic progress throughout the course is expected as it promotes student success.

The following are general facts concerning an Incomplete:

- An Incomplete Course Request form should not be submitted for a course in which assignments need to be re-submitted or if all assignments have been submitted and/or graded. Refer to the Assignment Make-up Policy for further information on assignment re-submission.
- Students approved for an Incomplete forfeit the option to withdraw from the course after the original course end date, pursuant to the Official Course Drop/Withdrawal Policy. Students may refer to the Withdrawal for Special Circumstances Policy should extenuating circumstances prevent course completion.
- Assignments not completed at the conclusion of the Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment as indicated in the course syllabus. The final course grade will replace the grade of "I".
- The Incomplete fee is non-refundable. The fee will be charged at the time the request is processed.
- Students who are unable to complete their course due to an extenuating circumstance may choose to review the Incomplete for Special Circumstances Policy.
- To promote academic success, students should request the appropriate amount of time in accordance with the number of remaining assignments required for course completion. Students are encouraged to contact the CSU International Program Coordinator to discuss Incomplete options.

Incompletes within the Term program:

- The request for an Incomplete is to be submitted only during weeks six, seven, or eight and/or by the original course or adjusted end date through the Incomplete Course Request form. There are two Incomplete options available, each with associated fees: 30 days for \$50 and 60 days for \$100. In order to apply for an Incomplete, students must meet the following qualifications:
 - » Graduate Level – Course grade average of at least 70%
- A maximum of 60 days, from the original end date, may be approved for each course. If the maximum of 60 days is approved, students will no longer be eligible for the Incomplete for Special Circumstances option.
- Students approved for an Incomplete are still expected to meet attendance requirements in the course.
- Assignment due dates are required upon submission of the request. Students should allow five (5) business days for processing prior to their first assignment due date. If more than one assignment remains at the time of the request, each assignment due date should be spaced apart in order to ensure successful completion. Students will be held to the

assignment due dates provided on the request form. Students unable to meet the assignment due dates must contact their professor for late submission approval. The professor has the discretion to accept assignments through the adjusted course end date, with or without late point deduction.

- Students approved for an Incomplete will receive a course grade of "I" which may affect future course enrollments. The Academic Course Load Policy should be reviewed regarding how future enrollments could be affected. Students should contact the CSU International Program Coordinator for additional information.
- A course grade of "I" will not be calculated in the student's cumulative grade point average.
- Students are not eligible for an Incomplete if a course from a previous term has a grade of "I".
- The approval process may take up to five business days. Students will be notified of the approval or denial via email.

Note: The Incomplete Course Policy does not apply to students enrolled in dissertation courses of the DBA program.

Incomplete for Special Circumstances Policy

Columbia Southern University (CSU) recognizes students encounter life situations that may impede academic progress toward degree completion. The Incomplete for Special Circumstances (ISC) is reserved for students who encounter an extenuating circumstance during a course, which inhibits regular, on-time course completion. Examples of such circumstances may include but are not limited to: medical circumstances or surgery, natural disaster, family emergency, death in the immediate family, or job relocation. Students requesting consideration must meet all established qualifications for the Incomplete for Special Circumstances approval.

Under these circumstances, students may also elect to withdraw from the course if it is deemed circumstances may prevent successful course completion. Academic and financial consequences should be noted for students who withdraw after week one of the course. Students planning to withdraw from any course should review the Official Course Drop/Withdrawal Policy, as well as the Withdrawal for Special Circumstances Policy. In addition, advisement should be sought to address all consequential actions prior to submitting a withdrawal request.

The following are general facts concerning an Incomplete for Special Circumstances:

- The ISC request form should be submitted prior to the course end date.
- The ISC request form must be accompanied by relevant supporting documentation, substantiating the stated circumstance. Documentation must be dated and correlate with the hardship and time parameter in which the student is/was unable to complete coursework. Additional or alternate documentation may be requested for verification purposes.
- Required submission dates for all outstanding assignments are to be provided by the student when submitting the ISC

request. Individual assignment deadlines should be spaced apart to allow adequate study and submission time.

- ISC requests are not automatically granted and must be approved. A maximum of two (2) ISCs will be granted, upon approval, per calendar year. Students are not granted in excess of one (1) ISC per course.
- Successful course progress may be taken into consideration when reviewing the request.
- Students approved for an ISC are not eligible to apply for a standard, paid Incomplete in the event additional time, beyond time already granted, is needed for course completion.
- Students approved for an ISC forfeit the option to withdraw from the course, after the original course end date, pursuant to the Official Course Drop/Withdrawal Policy. Students may refer to the Withdrawal for Special Circumstances Policy should further extenuating circumstances prevent course completion.
- An ISC request should not be submitted for a course in which assignments need to be re-submitted or if all assignments have been submitted and/or graded. Refer to the Assignment Make-up Policy for further information on assignment re-submission.
- Assignments not completed at the conclusion of the Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment, as indicated in the course syllabus. The final course grade replaces the grade of "I".
- There is no fee requirement for an ISC.

Incomplete for Special Circumstances for the Term Program:

- A maximum of 60 days beyond the original course end date may be requested by the student for review and approval. Approval is subject to meeting requirements outlined in policy and the amount of time granted is based upon the student's documented circumstance.
- Students will be held to the submission due dates provided. If the assignments are not submitted by the due dates, the course professor has the discretion to post an assignment grade of zero (0). Students unable to meet the assignment due dates must contact their course professor for late submission approval.
- Students approved for an Incomplete will receive a course grade of "I" which may affect future course enrollments. The Academic Course Load Policy should be reviewed regarding how future enrollments could be affected. Students should contact the CSI International Program Coordinator for additional information.
- A course grade of "I" will not be calculated in the student's cumulative grade point average.
- Students approved for an ISC are still expected to meet attendance requirements in the course.

Students meeting required qualifications may request an ISC through submittal of the Incomplete for Special Circumstances Request Form. Please allow 7 to 10 business

days for processing the request. All questions should be directed to the CSU International Program Coordinator.

Note: The Incomplete for Special Circumstances Policy does not apply to students enrolled in dissertation courses of the DBA program.

Official Course Drop/Withdrawal Policy

A student's notification to drop or withdraw may be conveyed to the institution in any manner. Students requesting to drop or withdraw from a course or program should submit the Course Drop/Withdrawal form provided by CITC. Details regarding tuition refunds as a result of a drop or withdrawal are described in the Tuition Refund Policy.

Course Drop

Students are allowed to drop a course through the term "drop date" as listed on the academic calendar (normally the first week of the course) without financial penalty. A grade of "DP" will be recorded for the course. Dropped courses will appear on the student's official transcript. The course drop date is determined by the date the request is received.

Course Withdrawal

A course drop/withdrawal request submitted after the term drop date and before or on the original term/course end date will be considered a course withdrawal. A grade of "W" will be issued. The grade of "W" will appear on the student's transcript but will have no effect on the student's cumulative GPA. Students who demonstrate a pattern of withdrawals are at risk for academic dismissal per the Institutional Academic Progress Policy.

Textbook and Course Material Policy

The course material may vary from course to course and could be in the form of printed textbooks, electronic textbooks (eTextbooks), or Integrated Learning Resources (ILR). CSU determines the most effective material to ensure a positive learning experience for students.

Printed Textbooks

Book Grant

The Book Grant provides printed textbooks to students at no cost contingent upon the student successfully completing the course. Successful course completion is defined as earning a passing grade in the course.

If a student drops, withdraws from, is institutionally withdrawn from, or fails a course, the student will be required to retake the course and pay full tuition.

Note: Students will be responsible for textbook shipping fees.

eTextbooks

An eTextbook is an interactive, electronic version of the course textbook that can be accessed and downloaded on the course start date. eTextbooks are provided at no cost. Digitally stored eTextbooks may contain audio, video, and animations that enhance the student learning experience. A clickable table of contents allows students to quickly navigate to the desired page(s), highlight, and take notes directly within the eTextbook.

Students gain access to the eTextbook in Blackboard, on the course start date. The eTextbook remains active for 180 days from the initial time the text is accessed. The eTextbook can be printed as much as needed, up to ten pages at a time. Students are able to purchase a printed version of the eTextbook once the course begins from a third-party vendor link within the eTextbook. The cost of the printed eTextbook is the responsibility of the student.

eTextbooks can be accessed by utilizing iOS, Android, Kindle Fire, Mac, and PC computers and devices.

Video tutorials are available in Blackboard to assist students on how to utilize eTextbooks. The tutorials outline tips for using the eTextbook on and offline, highlighting, note taking, and all other capabilities.

Students should contact their course professors or [CSU Technical Support](#) with any technical issues that may arise.

Integrated Learning Resources (ILR)

In an effort to improve and enhance learning, selected CSU courses do not require a printed or electronic textbook. ILR material contains library resources, labs, lectures, faculty-created content, and video presentations. Subsequently, courses may have extended study guides or interactive material that enhances the learning experience and enables students to learn and grow in their disciplines in a practical way.

Students gain access to the ILR material through Blackboard on the course start date. These resources are stored digitally and can be printed.

XIII. Student Resources

myCSU Student Portal

The [myCSU Student Portal](#) is the gateway to the University. The portal provides students with access to their information and resources at any time. Some of the main features include, but are not limited to:

- Log into Blackboard to access and submit coursework
- View course grades
- Submit course enrollments
- View degree-specific information such as a Comprehensive Degree Report
- Verify course start and end dates
- Access [Learning Resources](#) provided through the Success Center, the Office of Disability Services, and the CSU Online Library
- Access [Technical Support](#) resources such as tutorials and Frequently Asked Questions
- Liaison service to the faculty within each course to help students meet objectives
- Learning styles and study skills development that will enhance learning
- Additional assistance to students registered with the Office of Disability Services (ODS)
- Learning and instructional resources such as interactive webinars covering math, writing, APA, and basic course concepts
- Readiness self-assessments for math and writing intensive courses
- Individualized math or writing sessions utilizing interactive technology
- Guidance regarding APA citation and the university's academic integrity policy

Office of Student Resolution and Conduct

The Office of Student Resolution and Conduct is available to students who may need assistance in resolving issues related to their educational experiences at CSU in a timely and effective manner. It is their goal to listen and discuss questions, concerns, and complaints that may impact a student's experience and work collaboratively across university departments to provide resolution.

The Office of Student Resolution and Conduct strives to provide guidance in solving issues informally through directed facilitation. For students who remain dissatisfied, mediation can be provided as well as advisement regarding formal and administrative options of complaint resolution.

For more information on what services are available through the Office of Student Resolution and Conduct, please contact studentresolution@columbiasouthern.edu.

Success Center

Math and Writing Centers

The Math and Writing Centers provide services to students that will aid in their success throughout their academic careers. The Math and Writing Centers have resources readily available for students, regardless of the degree they are seeking. They provide the following services:

- Academic support in the area of math and writing via phone and email
- Course assistance at the request of professors and students

Writing Center Guidelines

The Columbia Southern University Writing Center works in tandem with faculty in order to promote students' growth as writers so that they can work independently and confidently on these skills as a student as well as after graduation in a professional setting. In an effort to work more efficiently and effectively with students and faculty, the Writing Center has developed guidelines to facilitate an understanding of how assistance is given. These guidelines communicate the mission and philosophy of the Writing Center as well as submission guidelines.

Through these guidelines, the Writing Center wants to explain that the amount of work to be reviewed by the Success Center must have limits placed on it to ensure that the quality of feedback is at its highest level and so that time is evenly distributed amongst the student population. Providing this information to students will bring clarity to the ways that the Writing Center is able to assist students with their writing. The Writing Center is hoping to emphasize the writing specialists' roles as collaborators who help facilitate the writing process so students can better understand how to function independently as writers in the post-collegiate realm.

Office of Disability Services

Consistent with the mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, as amended, CSU is committed to providing students with disabilities the equal opportunity to benefit from its educational programs and services. The mission of the Office of Disability Services (ODS) is to enhance this experience for students with disabilities. Our goal is to ensure a comprehensively accessible university experience where individuals with disabilities have the same access to programs, opportunities, and activities as all others.

Any student with disability who wishes to receive accommodations MUST self-disclose with the Office of Disability Services. Documentation guidelines must be followed before a student can receive services.

Please view the [Office of Disability Services Handbook](#) for further clarification for any of the above information.

For additional information, please contact the CSU Vietnam Program Manager.

Temporary Health Situations

Accommodation requests for temporary disabilities are considered on a case-by-case basis. Students must provide documentation of the disability and register with the Office of Disability Services.

Students with temporary disabilities should also contact a special circumstances facilitator via email at specialcircumstances@columbiasouthern.edu.

CSU Online Library

The [CSU Online Library](#) is designed to provide students with a broadscope of research options, as well as reference assistance.

Located strictly online, the collection contains a variety of electronic formats including books, journals, newspapers and more. Access to online resources is available 24/7. The CSU Library is staffed with a group of professional librarians available to assist students with each step of their research journey from topic creation, keyword selection, resource selection, refinement, understanding, and organizing. To better assist students in an online environment there are multiple avenues for library instruction: phone, email, live digital sessions, and chat. CSU librarians provide research assistance during business hours. Ask-a-Librarian chat service is provided 24/7. If students are available to visit the CSU campus, a librarian is available to conduct a face-to-face session.

Helpdesk Technical Support

Technical Support is available in the event difficulties occur or general assistance is needed in determining how to submit a course assignment. The following resources are available to students in the myCSU Student Portal.

- Student Tutorials
 - » How to Submit a Unit Assessment
 - » How to Upload Blackboard Assignments
 - » How to Upload SafeAssign Assignments
 - » How to Respond to a Discussion Board Question
 - » How to Comment on Another Student's Discussion Board Post
 - » How to View Feedback to Essay Questions
 - » Common SafeAssign Errors
- Browser Tools
 - » [Supported Browsers for Blackboard](#)
- FAQ
 - » Frequently Asked Questions

Student and Alumni Engagement

The mission of the Student and Alumni Engagement department is to engage alumni and students in mutually beneficial relationships within a shared community that results in lifelong connections to each other and their Alma Mater, while achieving career related goals.

Student and Alumni Engagement provides support through the following:

- Coordination of co-curricular communication between students, alumni, faculty, and staff
- Creation and management of clubs and organizations
- Planning and implementation of alumni events in collaboration with the Alumni Association.
