\* Course Equivalencies/General Notes:

- CSU's Humanities and Fine Arts-Group A requires three credit hours concentrated in Art, Literature, Religion, Music, Ethics, or Philosophy. Humanities and Fine Arts-Group B requires three credit hours in any of the above, or in Critical Thinking, Foreign Language, Speech, or select Communications courses.
- CCC courses must fit the specific requirements of select CSU General Education categories to receive transfer credit. CCC courses that do not satisfy CSU's General Education categories will be reviewed for Open Electives credit, if applicable.
- Transfer courses must match the credit hours of the CSU equivalent; any excess credit may be applied to Open Electives, if applicable.
- Duplicate transfer credit is not accepted; each course may only be applied once toward degree requirements.
- Transfer credit will be awarded based on CSU degree requirements at the time of enrollment, current transfer credit policy, and applicability to the student's degree plan, all of which are subject to change.
- The total transfer credit amount assumes maximum CCC general education transfer towards CSU general education requirements. The actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at CCC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above.

## \* Course Equivalencies/General Notes:

- CSU's Humanities and Fine Arts-Group A requires three credit hours concentrated in Art, Literature, Religion, Music, Ethics, or Philosophy. Humanities and Fine Arts-Group B requires three credit hours in any of the above, or in Critical Thinking, Foreign Language, Speech, or select Communications courses.
- CCC courses must fit the specific requirements of select CSU General Education categories to receive transfer credit. CCC courses that do not satisfy CSU's General Education categories will be reviewed for Open Electives credit, if applicable.
- Transfer courses must match the credit hours of the CSU equivalent; any excess credit may be applied to Open Electives, if applicable.
- Duplicate transfer credit is not accepted; each course may only be applied once toward degree requirements.
- Transfer credit will be awarded based on CSU degree requirements at the time of enrollment, current transfer credit policy, and applicability to the student's degree plan, all of which are subject to change.
- The total transfer credit amount assumes maximum CCC general education transfer towards CSU general education requirements. The actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at CCC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above.

## \* Course Equivalencies/General Notes:

- CSU's Humanities and Fine Arts-Group A requires three credit hours concentrated in Art, Literature, Religion, Music, Ethics, or Philosophy. Humanities and Fine Arts-Group B requires three credit hours in any of the above, or in Critical Thinking, Foreign Language, Speech, or select Communications courses.
- CCC courses must fit the specific requirements of select CSU General Education categories to receive transfer credit. CCC courses that do not satisfy CSU's General Education categories will be reviewed for Open Electives credit, if applicable.
- Transfer courses must match the credit hours of the CSU equivalent; any excess credit may be applied to Open Electives, if applicable.
- Duplicate transfer credit is not accepted; each course may only be applied once toward degree requirements.
- Transfer credit will be awarded based on CSU degree requirements at the time of enrollment, current transfer credit policy, and applicability to the student's degree plan, all of which are subject to change.
- The total transfer credit amount assumes maximum CCC general education transfer towards CSU general education requirements. The actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at CCC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above.
