

Study.com and Columbia Southern University (CSU) Credit Transfer and Course Equivalency Reference

Including Credit Recommendations from the American Council on Education (ACE) and the National College Credit Recommendation Service (NCCRS)

Study.com transfer credit is awarded based on the ACE or NCCRS credit recommendations in effect at the time of course completion, in accordance with CSU's transfer policies and degree requirements, all of which are subject to change. The listed equivalencies are examples based on the best available information and recommendations when this agreement was created and may not reflect the current guidance. This agreement is intended to guide the transfer of credit but may not include all eligible examinations or courses. Transfer credit equivalencies may be updated to reflect new ACE and NCCRS recommendations, institutional policies, or academic program requirements without notice. For the latest recommendations, please visit [Study.com, LLC](#) (ACE) and [Study.com | NCCRS](#) (NCCRS).

* CSU Course Equivalency/General Notes:

- A Study.com transcript is required for credit evaluation.
- "LD" denotes lower-division credit, and "UD" denotes upper-division credit.
- Courses must earn a minimum passing score of 70% for transfer eligibility.
- CSU considers courses recommended by ACE or NCCRS for potential transfer, based on the credit recommendation in effect at the time the course was completed. Students should consult ACE or NCCRS to verify the applicable credit recommendation for the course date range. If ACE and NCCRS recommendations differ, ACE will take precedence.
- Transfer credit is awarded according to CSU's degree requirements, transfer credit policy, and applicability to the student's degree plan at the time of enrollment, all of which are subject to change. Inclusion of courses in this agreement does not guarantee credit acceptance.
- A minimum of 3 credit hours is required for transfer into any CSU degree category, except Open Electives. Surplus credits (4+ hours) may apply to Open Electives, if applicable.
- Duplicate transfer credit cannot be awarded.
- Certain Study.com courses may qualify as Program Electives in select CSU degree programs.
- Study.com courses in general education areas, such as Math and Natural Sciences, may not transfer as shown if the selected CSU program requires specific courses in those areas; however, they may still be applied as Open Electives.
