* Transfer Credit/General Notes:

- RC quarter hours have been converted to semester hours.

- RC general education courses can potentially transfer toward CSU general education requirements, as outlined in this agreement, or Open Electives. RC courses that do not fit CSU's general education categories will be reviewed for possible Open Electives credit.
- Direct transfer credit for a Major Requirement or General Education course requires the transfer course to be a minimum of 3 semester hours. Credit is only transferred in multiples of 3 semester hours to all categories but Open Electives.
- Any RC course worth 4 or more semester hours but only given 3 semester hours for chart purposes would be reviewed for the full credit designated by RC, subject to program director approval.
- Credit awarded is subject to degree requirements at the time of enrollment.
- CSU is in the process of converting to new course numbers and anticipates completion by the end of 2022.
- Actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at RC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above. Please note, CSU accepts a maximum of 90 semester hours of transfer credit in the bachelor's degree program.
- All CSU and RC courses listed in the Humanities and Fine Arts – Group A category may be reviewed for application to the Humanities and Fine Arts – Group B category if needed. Duplicate transfer credit is not permissible.
